4. PETITION SUBMITTED UNDER COUNCIL PROCEDURE RULE 9	3 - 4
<u>Petition 'Keep the Green in Hayley Green'</u>	

In accordance with Council Procedure Rule 9 (Public Participation), a petition has been submitted by Rev Dr Norman, resident of Forest Road, Winkfield on behalf of Hayley Green Residents Group with regard to their concern about the Warfield Parish Neighbourhood Plan through their petition entitled 'Keep the Green in Hayley Green'. The petition will be presented by Rev Dr Norman.

The full text of the petition is set out below:

We the undersigned petition the council to halt the Warfield Parish Neighbourhood Plan process to allow residents to discuss housing development, especially location, according to national Neighbourhood Planning guidance. We do not endorse the Neighbourhood Plan concept for Hayley Green. Residents were not made fully aware of development plans for Hayley Green until a map was presented on 4th October 2016. We strongly believe that any future development should be sympathetic to the current rural character of the village.

We the residents and custodians of this wonderful corner of Warfield Parish wish to keep it for our futures and that of the wider community. We urge the steering group to rethink and therefore we petition to halt their plans.

Development is needed but we feel that it should preserve the countryside focussing on any brown field sites and sympathetic local

developments that can be supported by existing infrastructure.

POLICE & CRIME COMMISSIONER THAMES VALLEY

2016 -17 Crime Performance Headlines (1/3)

- Thames Valley saw recorded crime increase by 7.2% (129,449 → 138,710)
- The overall increase in crime remains low in Thames Valley: 66,976 fewer crimes compared to 5 years ago (205,686) and 8,357 fewer offences compared to 10 years ago (147,067)
- The increase is reflected nationally (ONS Crime Survey of England and Wales), and is largely attributed to improvements in compliance with National Crime Recording Standards, following recommendations made by HMIC in 2014.
- The HMIC's latest PEEL assessment rated Thames Valley Police as good across all areas of policing (effectiveness, efficiency and legitimacy),
- Victim satisfaction remains high at 88%, compared with the national average of 84%.

2016 -17 Crime Performance Headlines (2/3)

A) Priority Measure: A reduction in violence - Comparison with other forces

B) Priority Measure: A reduction in domestic burglaries - Comparison with other forces

2016 -17 Crime Performance Headlines (3/3)

- Recorded offences of violence against the person have risen by 7.9% (compared to around a 19% increase nationally).
- Homicide has increased by 5.6% (18 reports in 2015/16 and 19 reports in 2016/17). Three of the recorded homicides are in relation to the deaths of three men at Didcot Power Station in February 2016.
- Sexual offences have increased by 4.2% over the past year (4,412 crimes in total).
- Recorded offences of rape have increased by 9.3% and non-rape sexual offences have increased by 1.6%.
- Burglary has increased by 9.1% and vehicle crime has increased by 10.6%, with certain increases in specific areas.
- Arson has increased by 19.9%, which is largely thought to be due to improvements in recording practices.
- Trafficking of drugs offences have increased by 28.1%, which can be largely attributed to an increase in proactive police activity i.e. warrants and pre-planned operations to combat illegal drug activity across county lines.
- Possession of weapons offences have increased by 19.8%.
- Hate crime has increased overall by 8.1%. We believe this due to an increased victim confidence in coming forward.
- Domestic abuse has risen by 3.3%. Domestic abuse remains a priority for the force.
