Dear Hannah

Thank you for the licensing panel Information 're premises licence for kebab van on Bull Lane. Unfortunately as I have a young baby and toddler and no childcare cover I will be unable to attend. Would it be possible to request a couple of points regarding the application via this email please?

1. There really is no need for a kebab van to be in a residential area - locations such as Industrial estates like other kebab vans is more appropriate for reduction on noise and litter. we are getting kebab boxes and cans littered in our hedges as people walk past at night. this has not improved since my last email. so bins (if they provide them) are not working because people are clearly eating on the go.
2. The owner states in application that the extension for opening hours is because their customers get upset for early closure - especially pub customers!!! this is exactly my point with the rise in crime and drunk and disorderly issues we have to deal with drunk people down our road. a kebab van doesn't need to be in a residential area when other successful vans are better located in non disruptive areas such as industrial estates. my car was vandalised on NYE and I had to have a new window replaced because of drunk vandalism.
3. the owner mentions that they offer discounts to police force which implies unfair preferential treatment for their business location. Police purchasing food from them does not improve crime prevention because we do not have regular police patrols. This would be police cars passing in majority of cases and this discount can be applied at a non residential location.

Kind regards
