Councillor Mrs Hayes added that she was pleased to report that Dr. Martin Kittel (Forest End Surgery and member of Bracknell and Ascot Clinical Commissioning Group) had also attended and had spoken highly of Brants Bridge Urgent Care Centre and the work being undertaken there.

53. **Executive Report**

The Leader of the Council, Councillor Bettison, presented his report on the work of the Executive since that reported at the Council meeting on 22 January 2014. The Executive had met once on 11 February 2014.

The Leader highlighted the following matters that had been considered:

Adult Social Care, Health and Housing

- Modernisation of Older People's Services
 - consultation on outsourcing of provision for people with dementia: November – January
 - in-house high quality service to 11 Individuals at that time
 - Over 170 people receiving care from independent providers
 - saving of £150k from standardising service approach
 - no reduction in service to any users
- Better Care Fund
 - this is a major this strand in Government Strategy for integrating health & social care
 - the initial plan was signed off by the Executive, the Health & Wellbeing Board and the Clinical Commissioning Group

Children, Young People and Learning

- Strategy for Young Carers
 - new strategy agreed to 2017
 - recognises need for "generic" as well as specialist support services

- NEET Provision
 - update of strategy reflects reduction in numbers
 - City Deal central to future plans
- Aiming High
 - approach to future consultation agreed
 - transparent approach: expecting to save £120K
 - looking for parents, carers and users to help remodel service

Councillor Mrs Temperton asked why Aiming High had been selected to save £120K , which equated to a third of the budget and this seemed mean.

Councillor Dr Barnard advised her in response that it was important to put a figure on the amount to be provided to the service supporting children with learning difficulties as previously the amount from Central Government had come from multiple funding streams. He replied it was in no way 'mean' to ensure that the service was sustainable. There was significant spend on this service and separate to the budget discussion the consultation was underway to be clear about the cost of the service and how it could continue to be delivered.

54. **Financial Plans and Budgets 2014/15**

The Council considered the report by the Borough Treasurer which set out the financial plans and revenue budgets for the financial year 2014/15 and supporting information which presented the Council's spending plans for 2014/15 and detailed budgets for the General Fund and capital programme.

Councillor Ward gave a comprehensive presentation in particular:

- thanking the Chief Executive and his senior team for their hard work throughout the budget process
- the Council's net spending would be £87.2m, with an overall gross expenditure of £130m
- £87m would be passported directly to schools including the pupil premium targeted towards disadvantaged pupils and sixth forms
- over £3m proposed savings had been found by increasing efficiency and reducing back office costs which was delivered by adopting a 'glide path' to balance the budget as a continuous rather than annual exercise so that services to residents are not adversely affected
- continuation of the full grant was proposed for Homestart in order to support the organisation whilst a review was undertaken of the way in which it was funded, with particular reference to its health functions. The intention was to place Homestart on a sustainable financial footing so that it can continue to provide the services that are valued by our community
- he hoped to announce soon a further round of the Members' Initiative Fund which would provide every Member with funding of £10,000 and the opportunity to support local projects and services based on their knowledge of local ward priorities and in consultation with partners and stakeholders. This could only be confirmed once the Council's under-spends in the current financial year were known
- he encouraged Members to use the funding that had been made available to them in the current year before 31 March
- £2.3m was proposed for new affordable housing including support for people to buy their own homes as well as extending the number of properties held by the Council to house homeless families

- more than £10m had been secured from central government to finance general school infrastructure and improvement works at primary schools and secondary schools to support the provision of additional school places
- £1.3m was proposed for the train/bus interchange
- £400,000 was proposed for further investment in the town centre car parks
- £1.1m was proposed towards the upgrading of the Twin Bridges roundabout, together with funding for the preparation of the upgrading of roundabouts at Coppid Beech, Peacock Farm and Coral Reef
- the works at the Council's offices at Time Square were nearing completion, on time and on budget which would enable more staff to be located there and reduce annual running costs
- Councillors had listened carefully to the feedback from the consultation process and he was grateful to all those who took part by examining the proposals and providing feedback
- the consultation responses indicated that most groups understood the current position and accepted the package of proposals
- £2.6m was proposed to be taken from balances to support the budget
- no increase in Council Tax on any of the bands was proposed for the fourth year running with the support from a government grant and
- he pledged to recommend keeping Council Tax at its existing level for the following two financial years as a demonstration of the excellent financial management by the Council

On the proposition of Councillor Ward, Executive Member for Transformation and Finance and seconded by Councillor Bettison the recommendations as set out in the agenda report were moved.

On the proposition of Councillor Mrs Temperton, Leader of the Labour Group and seconded by Councillor Ms Brown an amendment was put to the meeting that no changes to the revised budget proposals were required except for the following additional items of expenditure:

- £55,000 to increase support for the Children and Adolescent Mental Health Service (CAMHS) at Tier 2
- £25,000 for the Educational Psychology Service
- £14,000 for an Early Years Advisory Teacher post
- £40,000 for an Out-Reach Mentor to work with Childminders and Mother and Toddler groups

It was proposed that the additional expenditure would be financed by reducing the transfer to the business rate equalisation reserve by £134,000.

On being put to the meeting the amendment fell.

A recorded vote was requested on the substantive motion and the voting was as follows:
