(i) By Councillor Mrs Temperton to Councillor Dr Barnard, Executive Member for Children, Young People & Learning

A recent report by the National Institute of Adult Continuing Education (NIACE) highlights the underachievement and affected long-term life chances of Young Carers. Their caring responsibilities often start early, as young as 5 or 6, and gradually increase as they get older. Research shows that Young Carers are more likely to miss school than their peers and on average achieve nine lower GCSE grades than their peers.

What are the school attendance rates for the Bracknell Forest Young Carers compared to their peers and how do their achievements at GCSE compare?
