Section 1: Director's Commentary

Phase 1 of the replacement library system has been completed. Suppliers will be on site in October in order to resolve a few remaining issues otherwise all proceeding well. A small phase 2 will be undertaken mainly to improve back office business processing.

The preparation for the new public realm contracts seems to have paid off with both Continental Landscape and Ringway seamlessly assuming new responsibilities. The efforts of our former landscape colleagues and staff from Ringway again greatly contributed to the success in Britain in Bloom.

As a regulatory authority, the success in Court with in particular a fly tipper is worthy of particular note. There have been several other equally important successes which go to show the commitment the Council has to protecting the environment, and maintaining a fair trading environment.

There continue to be a high level of Planning Applications being received this quarter, at a time when there are a number of vacancies in the Development Management Team. There also has been an increase in the number of appeals placing further pressures on this area of the service. However recruitment to these posts is underway, with a temporary Enforcement resource now secured.

There have been challenging issues relating to planning applications concerning some school sites which have required intensive work from both the planning division and CYPL to ensure progress. Senior officers from both departments are currently reviewing processes to ensure that future planning applications are both presented and assessed in a more effective manner.

Large scale road improvements continue to be undertaken with the recent completion of the Twin Bridges work. Development of residents permit scheme around the town centre and agreement to enter the South East Permit Scheme as part of our traffic Management work have also developed to the implementation stage in this quarter.

Highlights of exceptional performance e.g. national awards, top quartile services

Environment & Public Protection

- The Berkshire Emergency Planning Team was shortlisted for two of the Emergency Planning Society Annual Awards. Nominations were entered into the 'Resilience Team of the Year' and 'Most Innovative Product'.
- Both the Emergency Planning Framework and Corporate Business Continuity were updated and signed off for re-issue by the Strategic Risk Management Group during this period.
- The Britain in Bloom Silver Gilt was awarded to Bracknell town for the Regional Small City category. Significant contribution to this came from BFC Landscaping, Street Cleansing and Take Pride community initiatives.
- 100% of areas inspected for Street Cleanliness met EPA national standard and the contractual quality standard required.

Planning and Transport

- The Secretary of State for Transport has approved BFC's application to join the South East Permit Scheme (SEPS). The BFC will now negotiate with DFT with the drafting of the legal order and commencement date which should be before the end of 2014.

Remedial action against under performance

Environment & Public Protection

- Regulatory Services continues to have staffing shortages. Contractors have been used to backfill however it is increasingly difficult to find competent staff either through the use of contractors or in the general market. Existing staff are being paid overtime where it is necessary to meet the demand of the statutory inspection service or responding to the increasing number of complaints.
- A coroner inquest resulted in a change of procedure relating to the inspection of trees alongside highways.

Leisure and Culture

- L017 – number of web enabled transactions in libraries (quarterly) – a new computerised library management system project has completed phase 1 of the installation process. The figures for this indicator do not currently include all of the range of e-enabled transactions that customers carry out. As the implementation project continues this will be rectified and these figures will be brought up to date.
- L018 – number of web enabled transactions in leisure – whilst use of the on line booking system by leisure users is still very high (14,409 bookings in first six months of the year) it is falling short of the new ambitious target figure we set for this year.

Planning and Transport

- Previously the rise in enforcement cases has been reported and a temporary enforcement officer was appointed last year. Inroads into the backlog of cases were being made and following a review it has been decided that in order to improve the Council's ability to enforce effectively an additional enforcement officer should be added to establishment, this was filled during the quarter and made permanent. However the progress on this front has been hampered by staff sickness and the resignation of the council's senior enforcement officer to take up a position elsewhere. To address this interim staff are to be brought in but there will unfortunately be need to focus on high priority cases at the expense of those not deemed to be pressing. As a consequence it has not been possible to prepare a Local Enforcement Plan and review the enforcement function in the next quarter.

- The quarter also saw the numbers of planning applications submitted and appeals lodge continuing to rise, putting the development management service under strain. To address this decision has been taken to add additional resources to the service area and it is anticipated that the additional 3 additional Planning Officers will be in post by the end of Q3 though this may be impacted on by current shortage in the labour market of experienced planning officers.

Significant changes in risk from departmental risk register

Environment & Public Protection

- The Mobilisation plan for the new Street Cleansing and Grounds Maintenance contracts with Continental Landscapes is completed and on target ready for commencement on 1 October including preparation for TUPE transfer of BFC staff to the new contractor finalised within the timeframe as required

Planning and Transport

- Spatial Policy: change to reflect risks associated with securing infrastructure funding through CIL.
- Land Charges reports that the Land Registry continues to make suggestions that they intend to take over responsibility for the Local Land Charges Register, but as yet are unable to confirm the processes and procedures to be followed for any transition.

Highlight of significant customer feedback and inspections

Environment & Public Protection

- The Air Quality Action Plan and the Annual Air Quality Monitoring report have both received complimentary and supporting comments from DEFRA.
- A prosecution for Fly tipping builders and household waste in locations within the Borough was concluded. A local resident was found guilty on two counts of fly tipping and was fined £4,500 with £2,500 costs.
- A long standing appeal by a resident, which reached the High Court against a notice issued to stop setting bonfires, was concluded and the Council was awarded £13,000 in costs. £8,000 has subsequently been received but the resident has now started an appeal against the amount of costs awarded to the Council despite the Court not meeting our claim in full.
- A local business claimed membership of the Council's Buy with Confidence Trader Approval Scheme alongside other required trade memberships such as Chartered Institute of Plumbing and Heating Engineers. Following a complaint by a local resident regarding shoddy work, an individual was prosecuted and received a fine of £1,400 and the Council were awarded costs of £1,100.
- Checks upon the weight of Lorries using our roads resulted in two prosecutions for overloads of 43% and 46%. An individual received a fine and costs of £1,400 and £372 and Prestige Homes Ltd received a fine of £1,000 and costs of £270.
- The results from the second round of sampling of food for nutritional content in Residential Homes have concluded that there has been a significant improvement in all but one home. All those initially tested, with the exception of one home, attended a day's training and this appears to have been a significant factor in the improvement. Officers will continue to work with management within the home where improvement was not achieved.

Planning and Transport

- The National Highways and Transport (NHT) survey has been sent out to 3300 random properties on 23rd June and a further reminder will be sent on 24th July. The survey assists the division in its prioritisation of work streams.
- Spatial Policy section has commissioned a survey of residents of new housing developments in the Borough to inform future planning policies.

Significant changes in service use and associated financial impact

Planning and Transport

- The Land Registry is currently making proposals to take over provision of the Local Land Charges Register. This will remove the service delivery provision from all local authorities if the proposal is adopted.

Staff Turnover

| | | |
|----------------------------|------------------------------------|--------|
| For the quarter ending | 30 September 2014 | 3.22% |
| For the last four quarters | 1 October 2013 – 30 September 2014 | 11.32% |

Total voluntary turnover for BFC, 2013/14: 12.64%

Average UK voluntary turnover 2012: 10.6%

Average Public Sector voluntary turnover 2012: 8.1%

(Source: XPerHR Staff Turnover Rates and Cost Survey 2013)

Comments:

The vacancy rate has increased from 7.15% last quarter to 7.42% this quarter. This is due to there being 2 more vacancies compared to last quarter (45).

Quarterly staff turnover has increased this quarter as there are 3 more leavers compared to last quarter.

Annual staff turnover has increased this quarter as there were more leavers in the last four quarters (66) compared to the four quarters ending 30 June 2014 (63).

Staff Sickness

| Section | Total staff | Number of days sickness | Quarter 2 average per employee | 2014/15 Projected annual average per employee |
|---------------------------------|-------------|-------------------------|--------------------------------|---|
| Directorate | 7 | 0 | 0.00 | 0.00 |
| Environment & Public Protection | 62 | 133.5 | 2.15 | 6.44 |
| Landscape | 25 | 58 | 2.32 | 11.60 |
| Leisure & Culture | 370 | 496 | 1.34 | 3.88 |
| Performance & Resources | 30 | 8 | 0.27 | 1.93 |
| Planning & Transportation | 92 | 185 | 2.01 | 6.86 |
| Department Totals (Q2) | 586 | 880.5 | 1.50 | |
| Totals (14/15) | | 1407 | | 4.80 |

Note: Projected average sickness per employee is calculated by adding together the average per person for Q1 and Q2 and multiplying by 2.

| Comparator data | All employees, average days sickness absence per employee |
|-------------------------------------|---|
| Bracknell Forest Council 13/14 | 5.50 days |
| All local government employers 2012 | 9.0 days |
| All South East Employers 2012 | 8.7 days |

(Source: Chartered Institute of Personnel and Development Absence Management survey 2013)

Comments:

Sickness this quarter has increased compared to last quarter (526.5 days), which is mainly due to an increase in long-term sick (503 days this quarter), compared to last quarter (184 days). However, it should be noted that this quarter's split between short term and long term (42.9%/57.1%) is more in line with normal sickness levels (around 50:50 split).

N.B. 20 working days or more is classed as Long Term Sick.

Section 5: Progress against Medium Term Objectives and Key Actions

Progress has been monitored against the sub-actions, supporting the Key Actions contained in the Environment, Culture & Communities Service Plan for 2014-2015. This contains 66 actions to be completed in support of 9 Medium Term Objectives. Annex A provides detailed information on progress against each of these actions:

Overall 2 actions were completed at the end of Quarter 2 () , while 54 actions are on schedule () and 9 are causing concern ( and ).

The 9 actions that are causing concern are:

| Ref | Action | | Progress |
|-------|---|---|---|
| 1.3.2 | Work with BRP and other proponents to secure the necessary regulatory approvals to deliver town centre regeneration |  | A number of conditions still remain outstanding and a reserved matters applications are awaited from BRP |
| 1.8.1 | Implement repairs to Town Centre car parks |  | First phase completed, quotes being obtained for further works. |
| 1.8.5 | Implement the pilot Resident's Parking Scheme |  | Decision to proceed was agreed in July 14. Application process has started with a go live date of 20 October 2014. |
| 2.5.1 | Prepare and adopt a Local Enforcement Plan which continues to prioritise enforcement action and applying resources available to 'most serious' cases |  | Not progressed due to staff shortages, will be progressed once staffing back to establishment level. |
| 3.2.1 | Raise quality standards at seven sites (Newt Reserve, Goddard Way, Farley Copse, The Greenway, Woodland off Warfield Road, Warfield Chase/Bedfordshire Down, Churchill House) |  | Good progress is being made and it is anticipated that the improvement works will still be completed this financial year. However; the programme may need to extend in 2015/16 as staff resources are re-directed to support delivery of priority projects linked to Town Centre re-development (particularly provision of a new Pocket Park). |
| 3.9.2 | Seek to increase the local recycling rate and reduce landfill |  | re3 figures not yet available for Q2 but final figures for Q1 show landfill is on target and recycling is higher than Q1 2013/14 (which was an exceptionally low Qtr). Q2 kerbside garden waste increased over previous year but residual waste has been increasing and kerbside tonnages to end Sept remain similar to last year at the half year. |
| 6.6.2 | Assess feasibility of self-service kiosks at Bracknell Leisure Centre |  | Assessing the feasibility of self-service kiosks at Bracknell Leisure Centre cannot be started due to Windows 7 not having yet been rolled out, due to the product not being stable. There is also a current project of upgrading or potentially replacing the Leisure Management System (LMS). When these items progress then assessing the feasibility of Self - Service can start. |

| | | | |
|--------|---|---|--|
| 6.8.10 | Pilot a public 'health check' scheme at Bracknell Leisure Centre |  | Project not yet commenced. Ongoing work between BLC and Health team in relation to training, scheme specifics etc. |
| 10.1.1 | Provide for appropriate needs through the Disabled Facilities Grants scheme |  | 11 Homes were adapted through the provision of a disabled facilities grant. Numbers and expenditure are slightly below the trend expected but a significant number are in the pipeline for completion. |

| Status Legend | |
|---|---|
| Where the action has not yet started but should have been, or where the action has started but is behind schedule |  |
| Where the action has not yet started or where the action has been started but there is a possibility that it may fall behind schedule |  |
| Where the action has started, is not yet completed, but is on schedule |  |
| Where the action has been completed (regardless of whether this was on time or not) |  |
| Where the action is no longer applicable for whatever reason |  |

Section 6: Money

Revenue Budget

The original cash budget for the department was £33.213m. Net transfers of £0.421m have been made bringing the current approved cash budget to £33.634m. A detailed analysis of these budget changes this quarter is available in Annex B Table 1.

The forecast outturn for the department is £33.899m (£0.265m over the current approved cash budget). A detailed analysis of this variance for the quarter is available in Annex B Table 2.

The department has identified the following budget which could pose a risk to the Council's overall financial position in this quarter:

The Council, along with its re3 partners, is involved in a contractual dispute in respect of recycle income. After many months of discussion, and one successful adjudication hearing, it was hoped that a negotiated settlement could be agreed. However, this has not been possible and therefore there was a further adjudication hearing in early July. The result of which was in favour of the Council's. However, FCC has appealed against this decision, which means the case will now go to the High Court. This will inevitably mean there will be a further delay before any decision is known and will result in additional costs. There is currently an income target of £415,000 in the 2014/15 waste budget together with an accrual of £152,000 from 2013/14, this means that income of £567,000 is required to be received in this financial year to achieve the budget.

Capital Budget

The Committee's capital budget for the year was set at £7,090,000. This included £4,046,000 of externally funded schemes. A carry forward from 2013/2014 of £4,215,400, additional grants of £349,700 for Highway Maintenance and £1,820,700 for Green Deals Community Fund, Section 106 monies of £45,000, £1,000,000 for improvements to the Bus Station and £120,000 from Bracknell Forest Homes gives an available spend of £14,640,800.

The department currently anticipates 95.4% of the total approved budget to be spent by the end of the financial year. A detailed list of schemes together with their approved budget and forecast spend is available in Annex B Table 3.

There are no schemes forecast to under spend.

No update on any non-assurance audits undertaken in the quarter.

Section 7: Forward Look

ENVIRONMENT & PUBLIC PROTECTION

Emergency Planning & Business Continuity

- We are leading on the delivery on an annual Thames Valley LRF conference scheduled for 29 January 2015 entitled 'Working Together Better'.
- We plan to review our town centre evacuation/shelter arrangements in light of all of the recent changes.
- Scoping the feasibility of delivering some psychosocial training with the British Red Cross to ensure we have adequate processes in place to provide appropriate care of people.

Environmental Services (Inc Waste, Street Cleansing and Landscape)

- Due to delay in approval from DEFRA for SITA to run the flexible packaging trial originally due to commence in November, this has been delayed to January 2015.
- New contracts for Grounds Maintenance and Street Cleansing will commence with Continental Landscapes Ltd on 1 October. They will have a mobilisation team in place for the start-up and all staff transferring from the Council and Ringway will have new uniforms, vehicles and equipment, and induction training to ensure a seamless transition

Highways Asset Management

- Following start-up of the new Highway Maintenance and Works Contract the team are now working on plans to re-locate to the Commercial Centre to work alongside their contractor colleagues.
- Analysis of this year's highway condition surveys will commence leading to the development of the 3 year future works programme.
- The Winter Service Plan will be published, taking into account the changes to the town centre roads and footpaths.

Regulatory Services (Trading Standards, Licensing, Environmental Health)

- In November the Magistrates' Court will hear our first ever licensing appeal by McDonalds against the decision by the Council to grant additional opening hours at their restaurant in Wildridings.
- Charges against the trading practices of a car dealer are listed to be heard in Reading Crown Court in January 2015.
- Interviews are to be held for vacancies within the service and it is hoped that we will be able to recruit over the coming months

Cemetery & Crematorium

- The refurbishment of the ladies toilets and the Bearer's room should be completed, as should the tiling (non-slip floor) to rear of building.

Re3

- The Council as a re3 partner will be taking measures to jointly defend a High Court action by our waste contractor in respect of the interpretation of some of the clauses in our contract.

LEISURE AND CULTURE

Leisure

- There will be a number of significant changes to the Leisure management team following the retirements of the Head of Leisure facilities and the Principal Catering Manager. The changes will take place once all of the new appointments have been finalised.
- The catering teams will be planning and promoting their seasonal offers, particularly at the Downshire Golf Complex and at Easthampstead Park conference Centre.
- All facility managers will be establishing and publicising their programmes for the Christmas and New Year period.

Libraries

- Recruiting volunteers to increase opening hours at Great Holland's Library as part of Good to Great.
- Implementing the second stage of the Library Management System in libraries to improve purchase arrangements with suppliers.
- Bracknell Library's participation in the promotion of the latest title for children in the Wimpy Kid series.

Parks and Countryside

Community Involvement

- Volunteering continues to be of great importance alongside raising awareness of recreational opportunities and environmental quality across the borough. This supports the Good to Great programme and the theme of Community Empowerment. 3772 hours were contributed by volunteers in the last quarter; examples of volunteering in the next quarter include:
 - Work experience placements with local schools scheduled for November.
 - Inspection of Public Rights of Way by Volunteer Path Wardens
 - Weekly task days every Tuesday with Bracknell Conservation Volunteers (BCVs)

Added to the above, links with the probation service will result in additional work party days across parks and countryside sites. This contributed 1356 person hours in the last quarter.

Specific public events planned for this quarter include:

- 'Take Pride' clean-ups for Farningham Ride and Savernake Park (Crown Wood)
- Hazel coppicing and harvesting at Jennett's Park
- Twice monthly Edwardian Garden Coffee Mornings (volunteer gardening) at Lily Hill Park
- An Astronomy Evening, Fungal Foray and Christmas Treasure Hunt at South Hill Park, which are delivered in line with the Audience Development Plan.

A programme of visitor counts is underway at 16 sites across the borough. This information will be used to provide up-to-date estimates of use of parks and open spaces.

Biodiversity

- Local biodiversity initiatives are being delivered in partnership with other organisations, voluntary groups and local communities on projects to improve and protect Bracknell's wildlife. This forms part of the delivery of the Bracknell Forest Biodiversity Action Plan and includes:

- finding sites for new swift boxes on homes in Bracknell Forest
- replacing old barn owl boxes with new ones
- planting wildflowers grown from seed by local residents to improve habitats at sites across the borough

Suitable Alternative Natural Green Spaces (SANGs)

- These are open spaces that are being enhanced to attract more visitors by providing an enjoyable natural environment for recreation as an alternative to the Thames Basin Heaths Special Protection Area (SPA). Work in the next quarter includes:
 - A new site noticeboard is to be provided at Larks Hill and a new interpretation panel designed for Garth Meadows; both these sites are part of the Cut Countryside Corridor group of SANGs.
 - Working in partnership with the National Trust, an archaeology survey is underway at Ambarrow Hill, Sandhurst; this is part of project proposals which includes creating a path network and installing waymarkers to link it to the adjacent Ambarrow Court site.
 - A new boardwalk, clearance of scrub in the pond and drainage works along the main track are being carried out at Englemere Pond

Raising Quality Standards

- A key priority of the Parks and Open Spaces Strategy is to sustain and raise quality standards of the borough's parks and open spaces. This is being funded using S106 developer contributions.

Working in liaison with Spatial Policy, quality audits are being carried out across the borough. These audits are being used to inform the Local Plan Review and to help prioritise site improvement works.

Implementation of the Quality Improvements Programme (Phase 1, year 2) is underway. This includes:

- Accessibility improvements, including a new path network at The Greenway.
- Entrance improvement work, path work, meadow creation/extension and vegetation work at Neuman Crescent and Budham Hill.
- New interpretation, meadow extension/enhancement, opening views at Goddard Way.
- Orchard creation at Warfield Chase/Bedfordshire Down alongside opening views and path installation to improve accessibility.

Phase 2 funding has been approved; Sandhurst Town Council have been allocated £30,000 towards car park and access improvement works at Sandhurst Memorial Park. Bracknell Town Council have been allocated £44,297 for the provision of water play and tennis court floodlighting at Jock's Lane Recreation Ground.

Sports clubs

Farley Wood:

Facilities for tennis are being upgraded, specifically improvements to the compound area used for storage and to support coaching.

Bracknell Rugby Football Club:

Bracknell Forest Council has approved the release of £47,700 of S106 developer funding for pitch improvement works at Lily Hill Park on land leased to BRFC. Joint working between the Council and the Club, has also attracted funding of £30,000 from the Rugby Football Union

(RFU) towards this important project. This will significantly improve the grounds by allowing increase usage of the pitches and bring the facilities in line with modern expectations.

Quality Awards

- Work will begin in December to prepare applications (to be submitted in January) for sites that have retained their Green Flag Award status in 2014. These include Pope's Meadow, Shepherd Meadows & Sandhurst Memorial Park, Lily Hill Park and South Hill Park.

Public Rights of Way (ProW)

- Bracknell Forest Council continues to provide support to the Local Countryside Access Forum, an independent group that advises the borough council on the improvement of public access to countryside in Bracknell Forest for the purposes of open-air recreation and the enjoyment of the area.
- Work continues with the Ramblers Association to identify where accessibility of Public Footpaths can be improved by replacing the older "step over" or "squeeze" stiles with new metal or wooden kissing gates. This meets targets set out in the Bracknell Forest Rights of Way Improvement Plan (ROWIP).
- The gates are funded by the RA and installed by BFC. New kissing gates are to be installed along:
 - Binfield FP11 (Murrell Hill Road)
 - Bracknell FP15 (at junction with Easthampstead Park driveway)
 - A wooden gate at Bracknell FP16, replacing the tight kissing gate off Peacock Lane.
- Work is taking place at Planners Farm to improve drainage along the mid section of Winkfield FP4, which gets very boggy underfoot during times of heavy rainfall.

Trees

- Routine inspections are underway for trees along specific priority categories of the highway as well as suburban highway & adjoining amenity land. A safety survey of all Leisure sites has been completed, with trees within Downshire Golf Complex assessed as part of a more detailed 3 yearly inspection regime. The annual tree-safety survey of schools is also underway.

New Sites

Jennett's Park

- The lease agreement is close to being finalised for the 34 hectare public open space known as Peacock Meadows. Work will continue with Legal Services and Corporate Property to complete land transfers of Jennett's Hill open space, Tarman's Copse, green corridors and further play areas. On handover to the Council, a countryside ranger will be responsible for the site and Continental Landscapes will carry out routine maintenance tasks. New interpretation boards will be installed with site maps and information about wildlife and management.

The Parks

- The sports pavilion and community centre, together with a car park and games court are under construction, with completion due soon.

Wykery Copse

- This Site of Special Scientific Interest and its buffer zones, together with open space forming a buffer to the A329 will be transferred to the Council imminently.

Town Centre – Pocket Park

- Work is underway to design and build a new green space within the town centre. This will form a key part of the Public Realm Strategy, providing a high profile park connecting to the bus station.

PERFORMANCE & RESOURCES

Contracts

- The mobilisation of the new Public Realm 2014 contracts (Highways Maintenance and Works, Street Cleansing and Grounds Maintenance) will be completed, following contract start on 1st October 2014.
- Quotations will be evaluated for new supported bus contracts in 2015
- Procurement process will start for a wireless network for transport infrastructure in the town centre
- A procurement plan will be prepared for Coral Reef roof and related work

e+ Smartcard

- 3374 e+ cards issued July – Sept 14 2014 new 1350 replacements.
- The updated 2014-15 paper Discount Directory will be launched.
- The e+ smartphone discount directory apps will be updated.
- Enrolment of Library Lite members in SmartConnect should be ready for user acceptance testing.
- Issuing incentive points at roadshows by placing an e+ card on a tablet PC will be implemented.

Finance

- In addition to the core functions of accounting, budget monitoring, financial advice and debt control the main task in the quarter is to provide support and advice to submit information in respect of the Council's budget proposals for the 2015/16 capital and revenue budgets.

Human Resources

- Work will continue to support corporate initiatives including the new HR/Payroll system, channel migration, Good to Great initiative (releasing talent and performance management), mentoring and health checks for employees.
- HR will assist assistance with the roll-out of 3 year DBS rechecks.
- Work will continue on TUPE of Landscape to Continental.
- A few minor restructures will take place.
- Large amounts of recruitment to professionals.
- Planning for next network event.
- Training of new HR Advisor.
- Follow up actions and introduce new procedures following DBS and H&S audit.

Business systems

- The GIS & gazetteer team will start inventory support for the new street cleansing and landscape contracts that commenced on 1st October. They will also be working on a GIS data catalogue, completing work on the spatial planning LDF viewer, reviewing solutions for the EU INSPIRE GIS requirement and providing address data and a mapping solution for the new Firmstep CRM solution.
- The web team will continue to contribute to the corporate CRM project by creating new processes, improve the accessibility and usability of the website including pdfs and improve online access to travel and transport information.

- The integration of the M3PP system and the corporate document management system SmartOffice system will finally be implemented by business support. The central scanning team will then begin scanning documents for regulatory services into SmartOffice. In the meantime the scanning team continue to assist the licensing team with scanning and indexing into M3 to prevent back logs.
- The tree service's administrator and information officer will continue to review, update and, where necessary, create procedures to assist with cross training and team cover.
- The business support team will be implementing phase 2 of the new library management system project, the second phase focuses on automating stock ordering and enabling the public to request online books from libraries outside the Borough.
- Business support will also be leading on a number of IT system upgrades including the IDOX document management system used by development management and building control, the cemetery and crematorium system and the client software for the library management system.
- Work will begin on a new project to integrate SmartOffice with the asset management database Confirm used by highway management, transport development and the tree service.

PLANNING AND TRANSPORT

Building Control

- We were fortunate to successfully recruit a full time permanent Senior Building Control Surveyor to replace a retired member.
- We were successful in securing a bursary for our Trainee Building Control Surveyor from our national organisation LABC (Local Authority Building Control). LABC have agreed to meet the costs of his Construction Level 5 HND at East Berkshire College. The funding provided by LABC will save Building Control £5k this year alone, and should do the same next year as well.

Land Charges

- The Land Registry are continuing with their intentions to provide the Local Land Charges Register. The difficulty faced by local authorities is the lack of information from the Land Registry as to how they intend to interface with us to exchange information, and any messages coming from them have been mixed and confused.
- There is the possibility that a new CON29 form will come in to place in April 15 however, there have been issues getting the proposals agreed and software manufacturers require a 6 month lead in so it is looking unlikely.
- There is the possibility that VAT will be charged on the CON29 service. CIPFA are suggesting this should happen for April 15.
- A time recording exercise will be required to adjust our charges and this will be required for April 15 if either of the points mentioned above happen.

Development Management

- The quarter saw a marked increase in application numbers, with numbers 11 % on the same period last, this continues the quarter on quarter increase in application numbers experienced over the past year. The quarter also saw 167 new enforcement cases opened, this is the first quarter to see fewer complaints received compared to the preceding quarter since a low point in Q1 2012/13 when only 89 new cases were opened.
- The service also is handling the highest number of major planning applications it has received in the last 10 years and during the quarter the Planning Committee approved subject to legal agreements 950 new homes at Amen Corner and also the issue of planning permission for 750 new homes and new primary school at Warfield. Negotiations on

securing S106 agreements for 1000 new homes at the TRL site together with 311 new flats at Winchester House were undertaken during the quarter, with that for the latter being concluded resulting in the grant of planning permission which facilitates the buildings demolition.

- Additional pressures are created by a number of challenges to the Councils Sites Allocation Local Plan through planning applications on unallocated sites outside of settlements, currently your officers are preparing for an appeal against the refusal of 74 dwellings at Tilehurst Lane, Binfield – this case will be heard at a Public Inquiry in November. The quarter saw 16 appeals being lodged, up from 13 in Q1 and 9 in Q4 2013/14) with a number going to hearing and inquiry placing additional demands on the services resources.
- Despite Ministerial pronouncements last year that there would not be further changes to the planning system the summer saw the Government undertaking consultations on changes to the planning system including further relaxations of permitted development rights, extension of the prior approval regime, changes to national policies relating to providing for travellers, housing standards and sustainable drainage.
- The benchmarking activities of the service with other Councils are continuing and in September the Planning Advisory Service launched the Planning Quality Framework programme to assist in performance comparisons.

Highway Network Management

- The Secretary of State for Transport has approved Bracknell Forest Council's application to join the South East Permit Scheme (SEPS). The Traffic Management (Bracknell Forest Borough Council) Permit Scheme Order 2014 comes into force on 5th November 2014 thereafter it is a legal requirement for both Highway Authority and Utilities to apply and obtain a permit before commencing works.
- Significant Utility and Highway Authority major projects are being planned which require in depth discussions in order to minimise street congestion and resident disruption.

Spatial Policy

- Consultation on a revised CIL charging schedule and a Draft Planning Obligation SPD was completed over the summer and the CIL draft charging schedule was submitted for examination on 8th September.
- Work has started on a new Development Management Local Plan in line with Council's Local Development Scheme alongside a new Gypsy and Traveller Local Plan.
- Work is under way on the new energy efficiency project for the existing housing stock through the Green Deal Communities programme with many households signing up for assessments. This follows a successful bid for £1.8 million of government funding.
- A survey of residents of new housing developments has been completed and the results will be used to inform the forthcoming Parking Strategy and Development Management Local Plan.

Transport Development Section

- Work will continue on the design and implementation of various Integrated Transport schemes contained in the 2014/15 capital programme
- Works will continue on enhancements to the Bus Station, whilst works within Market Street (including a new Puffin crossing) will draw to a close in October.
- Town Centre Regeneration off-site highway works will continue with the diversion of Statutory Undertakers equipment.
- Work will continue with developers of Warfield, TRL and Amen Corner sites to confirm their transport requirements under S106 agreement. Partnership working will continue on delivery of the Warfield development link road secured as part of the local Growth Fund.
- A Residents' Parking Permit Scheme in areas around Bracknell Town Centre will be introduced on 20th October, with a 1 month enforcement amnesty period.

- The Road Safety Education Training and Publicity Team will continue with their programme of delivery to schools, colleges, businesses and the general public.
- Work will continue with the implementation of actions from the Bus Strategy, including the consideration of bus contract tenders.
- Work is complete on the Local Safety Scheme at the junction of Yateley Road with the A321 Sandhurst High Street. Construction work is due to start on the remaining two safety schemes, being Chavey Down Road crossroads and A321 Marshall Road.
- A322 Sports Centre roundabout signalisation is due to start construction on site in early November with the aim of being completed prior to Christmas. Works will be undertaken off-peak.
- A Real Time Bus Passenger Information system due to be rolled out during November.
- Detailed design and programming of various phases of works will continue on the Coral Reef roundabout improvement scheme. The project, which is due to start in April 2015, will involve conversion of the roundabout to a signalised crossroads junction.

Table 2 – Virements and Variances

| Total | Explanation |
|--------------|--|
| £'000 | |
| 462 | Virements Previously Reported |
| 0 | Staffing Budgets - Salary allocations have been amended to reflect current service provision within the department, the net effect of these changes is nil. |
| -43 | Devolved Staffing Budgets - The employer's superannuation rate has reduced with effect from 1st April this year resulting in a saving of £43,160 within ECC; this sum is therefore to be vired. |
| 71 | Devolved Staffing Budgets - As a result of changes to the pension scheme with effect from 1st April this year, non-contractual overtime payments are now pensionable. The estimated additional annual cost within ECC is £71,330, this sum is therefore to be vired. |
| -25 | Electricity & Gas Contracts The new contract prices for gas and electricity with effect from 1 April 2014 have now been applied to the updated volumes of energy consumption at the various sites, the decrease in costs for Environment, Culture and Communities is £24,720, this reduction in budget is to be transferred to the Contingency Fund. |
| -13 | Bracknell Leisure Centre - The cost of running the GP Referral scheme at the centre is to be transferred to Adult Social Care, Health & Housing. |
| -31 | Waste Management - A transfer to Capital is required for the purchasing of Blue and Green Bins. (£30,620) from the Waste Management equipment purchase budget. |

| Reported | Explanation |
|------------|---|
| Variance | |
| £'000 | |
| | |
| 105 | Variances Previously Reported |
| -20 | The Look Out - Visitor numbers to the science exhibition have been greater than originally anticipated, the resulting additional income for the year is estimated to be £20,000. |
| 61 | Waste Disposal - As previously reported waste tonnages have been increasing this year, provisional figures for the first quarter have now be received, and the annual tonnage is now estimated at 195,000 compared to the 187,000 previously anticipated. This result's in a projected additional cost for Bracknell of £61,000 for the financial year, these tonnages will continue to be closely monitored and any further changes will be reported when known. |
| 119 | Concessionary Fares - As has been previously reported the two new successful bus companies had indicated that the payments made previously for concessionary fares were lower than they should have been. Further information has now been supplied by the companies which feed into a formula determined by the DfT; this has confirmed that payments this year are estimated to be higher by £107,000. One of the companies has also claimed for a review of payments made in 2013/14, which they are entitled to request, due to the fact that the payments were based on incorrect average fares, this has resulted in an additional payment of £11,590. The total pressure for 2014/15 is therefore £118,590. |
