### OBJECTIONS / COMMENTS TO ADVERTISED TRAFFIC REGULATION ORDER

<b>Scheme:</b>	<b>RESIDENTS PARKING ORDER 2017 – ZONE C</b>		
<b>Date Advertised:</b>	<b>19<sup>th</sup> October 2016 – 9<sup>th</sup> November 2016</b>	<b>No. of Objections / Comments Received:</b>	<b>1</b>

<b>Name</b>	<b>Summary of Objection / Comment</b>	<b>Officers Comments</b>	<b>Decision</b> Abandon/Modify /Proceed as advertised.
XX XXXXXXXX XXXXX Willow Drive	<p>They are happy for the scheme to continue and that BFC are taking good steps to provide services to all residents. They heartily congratulate the Council for their fair services.</p> <p>They would be happy for the scheme to continue if there are no charges for permits, for either residents or tenants</p>	<p>The original charging regime set out within the rules of the scheme does not meet the operating costs incurred by the Council. There is currently a shortfall in funding and to continue to operate a subsidised scheme is not sustainable in the current economic climate.</p> <p>Consideration has been given to all the possible means of balancing the shortfall in income generated by the Residents Parking Scheme to make the scheme self-funding. The only realistic means to make the scheme self-funding is to charge for permits in accordance with the charges proposed. To this end the charging regime as advertised is essential for the resident parking scheme to continue.</p>	<b>Proceed as advertised</b>

#### **Local Member Comments on Consultation responses:**

The Local Members for the effected roads were briefed and consulted prior to the statutory consultation.

**Councillor G Birch** - Nothing else to add other than glad the changes were made in line with resident wishes.

**Councillor A Finch** – No further comments received

**Councillor McKenzie-Boyle** - Having read the objections and comments from the residents I have both sympathy with those who want to remain in the scheme, those who do not to be in the scheme and the Council for trying to ensure that all residents needs are examined. The problem is that everyone's requirements and needs will not be the same.
