Subject: Objection

Good afternoon

Ref: Application for New Premises Licence for: Co-operative, Sparrowhawk Way, Jennett's Park, Bracknell

I am writing to object against the above application.

Jennett's Park is a housing estate. The area surrounding the shop are houses, a community centre and a school. The Co-operative's request to sell alcohol from the hours of 6am to 11pm every day of the week is far too excessive given the area the shop is based in. My home is at the side of the shops but directly opposite the turning into the parking area for the shop. By allowing the sale of alcohol until 11pm this will cause increased traffic when we are sleeping. Jennett's Park currently is a quiet and peaceful neighbourhood and by allowing this we will experience noise from cars, people entering and leaving the shops and the noise that creates. Sound carries and more so at that time of night and this will disturb us. I'm also concerned that by allowing the shops to open that late will encourage youths to congregate in that area thus causing noise not only for us but the houses and flats that are located in the area currently being built upon.

Yours faithfully
