The attached reports covers the 2016/17 academic year and includes a description of the work undertaken by members of the Virtual School under the leadership of the Virtual School head.
- 5.2 The report has been written to describe the work of the Virtual School and the impact of the service on looked after children. Particular areas of strength include trends around attendance, progress and attainment for children looked after, the proportion of care leavers in (further and higher) education or employment and the partnerships in place with stakeholders who demonstrate a consistent aspiration for our young people to achieve and succeed.
