2. Principles and Values Statement

The principles of the Children Act 1989, Children Act 2004, the Adoption & Children Act 2002 and accompanying Regulations and Statutory Guidance, the Children and Families Act 2014, the Education and Adoption Act 2016, the Children and Social Work Act 2017, the United Nations Convention on the Rights of the Child, the Human Rights Act 1998, the Equality Act 2010, and the Adoption National Minimum Standards 2014, all underpin the work of Adopt Thames Valley.

The **Values Statement in Appendix A** is adapted from the 2011 and 2014 National Minimum Standards, and sums up the important principles which underpin all adoption work within Adopt Thames Valley and within the seven partner local authorities in their permanency planning for children for whom adoption is the care plan. These values are equally applicable to children and adults affected by special guardianship.

Adopt Thames Valley is committed to promoting diversity and non-discriminatory practice. **Appendix E** reflects our vision for all those involved, including staff and the wider community.

3. Aims and Objectives

In accordance with the provisions of the Adoption and Children Act 2002, all local authorities have a duty to establish and maintain an adoption service in their area, to meet the needs in relation to adoption, of children who have or may be adopted, of adults who have been adopted, parents and guardians of such children and persons who have or may adopt a child. Bracknell Forest Council, Oxfordshire County Council, Reading Council, Royal Borough of Windsor and Maidenhead, Swindon Council, West Berkshire and Wokingham Council have delegated most of those functions to Adopt Thames Valley. Further information can be found about this in **Appendix B - Schedule of Responsibilities**. It explains in more detail which functions remain the responsibility of the local authority and which have been delegated to Adopt Thames Valley.

Adopt Thames Valley aims to ensure that children who are unable to live with their birth family and for whom adoption or special guardianship has been agreed as the plan, can live in a permanent, stable and loving family in which their needs will be fully met throughout their lives. This can only be achieved if the needs of all of those touched by adoption or special guardianship are also supported, including adoptive parents, special guardians, adopted adults and birth relatives.

Adopt Thames Valley's vision is to achieve excellent outcomes for children and adults affected by adoption and special guardianship by:

- Working closely with our partner local authorities and other stakeholders to ensure that children's best interests are at the heart of placement decisions which will fully meet their needs
- Targeted recruitment and the establishment of a wide and diverse pool of prospective adopters
- Matching so that children are placed without delay in secure, loving families
- Providing creative and outstanding adoption and special guardianship support services
- Investing in our workforce to ensure they have the right skills and capacity to deliver excellent services

- Continually seeking to apply best practice and innovation to our ways of working
- Actively listening to and learning from children, adults and staff with whom we work to develop and improve the services provided

7. Adopt Thames Valley Adoption Panel

Adopt Thames Valley operates Adoption Panels based in both Woodley and Oxford, constituted in accordance with legislation, regulations and guidance. The Panels each have an independent chairperson, and a Central List from which each Panel is drawn. There is no legal maximum number of Panel members at each Panel but in practice, usually a maximum of 6 or 7 attend each Panel, including the Panel Chair. Medical advice to Panels is provided on a rota basis. The Panel is serviced by a full-time Panel administrator, and has access to legal advice if needed. The professional advice to the Panel is provided by the two Agency Advisors, one of whom will attend each Panel to ensure the smooth running and to advise on policies and procedures.

Current membership includes individuals with personal experience of adoption; adopters and adopted adults and other independent members based in education settings. It also includes social workers both with direct experience of adoption work and those based in various settings, including LAC and fostering. Panels are balanced as far as possible in terms of gender, age, ethnicity and experience.

The functions of the Panel in relation to adoption matters are:

- to recommend whether prospective adopters are suitable to adopt a child;
- to recommend whether applicants are suitable to foster a child as a Fostering for Adoption carer;
- to recommend whether a proposed match between a child and prospective adopters is a suitable one;
- in circumstances where a child is relinquished for adoption and no Placement Order is applied for, to recommend whether the child should be placed for adoption.

The Panel can also give advice about the numbers and ages of children in relation to prospective adopters; about post adoption contact; delegated parental responsibility and adoption support plans. The Panel has a consultative role regarding the agency's policies and procedures, and a monitoring role regarding quality assurance and ensuring that the time scales as set out in the Adoption & Children Act 2002 are met.

The Adopt Thames Valley Adoption Panels make recommendations based on written reports prepared in advance by the child's social worker and adoption social worker, and on the social worker and/or team manager's attendance at Panel to discuss and clarify any issues relevant to the application. When

considering the approval of prospective adopters, or a match between prospective adopters and a child, adoptive applicants have the option of attending Panel in person. Applicants who decide not to attend in person are not disadvantaged in any way and no judgement is made from their decision not to do so although every effort will be made to assist their attendance.

The recommendations and advice of the Panel are referred, along with the final minutes of the meeting, to the relevant Agency Decision Maker, for a decision to be made and conveyed to all parties within the time scales laid down in the Adoption & Children Act 2002.

8. Systems for the Monitoring, Quality Assurance and Evaluation of Services

Adopt Thames Valley will undergo regular internal and external scrutiny to ensure that services are robust and of good quality. This will be achieved by:

- Collection and scrutiny of data, recording outcomes for children and adopters.
- Tracking systems to measure the timescales involved for providing services.
- Adopt Thames Valley Partnership Board meets quarterly and will review outcomes against key performance indicators and national standards, and also reviews budgets and the financial state of the agency.
- The Agency Advisors and the Adopt Thames Valley Adoption Panel provide quality assurance feedback every six months on the quality of reports being presented to the Panel. This includes whether the requirements of the Restrictions on the Preparation of Adoption Reports Regulations 2005 have been met, and whether there is a thorough, rigorous, consistent and fair approach across the service in the assessment of whether a child should be placed for adoption, the suitability of prospective adopters and the proposed placement.
- Six monthly reports by the Adopt Thames Valley Adoption Managers to the Adopt Thames Valley Partnership Board. The local authorities still retain corporate responsibility for their own Looked After Children, even where they have delegated functions to Adopt Thames Valley. These reports address the management, outcomes and financial state of the agency, and monitor the management and outcomes of the service, to satisfy the local authorities delegating adoption functions to Adopt Thames Valley that the agency is effective, achieving good outcomes for children and other service users, and complying with the conditions of registration.
- Each team has regular team meetings and there are regular staff meetings for all of those working in Adopt Thames Valley, to analyse performance across the service and take part in practice development sessions.
- Service user feedback is sought at different stages of the adoption process, and in relation to permanence support services.
- Second opinion visits to prospective adopters where there are issues arising during the assessment.
- Staff performance is routinely monitored during regular supervision sessions with line managers.
- Annual appraisals for Adopt Thames Valley Adoption Panel members including the Chair.
- Annual update of the *Statement of Purpose* and *Children's Guides to Adoption* and *Children's Guide to Adoption Support* and presentation of these to the Adopt Thames Valley Adoption Partnership Board for monitoring and review purposes.

9. Complaints and compliments

All of those receiving a service in relation to adoption or special guardianship by Adopt Thames Valley will be advised of their right to make representations or complaints.

The complaints officer for Oxfordshire County Council manages all complaints and compliments according to Local Authority procedures. The Adopt Thames Valley Service Manager monitors the progress of all complaints and compliments specifically relating to the service. There is a protocol in place which defines how complaints are managed which are received by or about the services provided by staff in Adopt Thames Valley.
