Section 1: Chief Executive's Commentary

1 Introduction

- 1.1 This report sets out an overview of the council's performance for the third quarter of 2018/19 (October - December 2018). The purpose is to formally provide the Executive with a high-level summary of key achievements, and to highlight areas where performance was not matching targets or expectations, along with any remedial action that is being taken. It complements the detailed Quarterly Service Reports (QSRs), and is based upon the performance data that is available to all Members online.
- 1.2 Overall, good progress was made against the actions in the departmental service plans. At the end of the third quarter progress showed:
- 98 actions (70.5%) are on target to be completed within the timescales set
 - 21 actions (15.1%) are at some risk of falling behind schedule
 - 1 action (0.7%) has fallen behind schedule
 - 18 actions (12.9%) have been completed.
 - 1 action (0.7%) is marked as not applicable this quarter.
- 1.3 Section 3 of this report contains information on the performance indicators across the council for each of the strategic themes. Again the picture was generally positive, showing that the status for the key indicators in the Council Plan in the third quarter is:
- 40 (70.2%) green – i.e. on, above or within 5% of target
 - 3 (5.3%) amber – i.e. between 5% and 10% of target
 - 14 (24.5%) red – i.e. more than 10% from target

27 further indicators have no set target.

2. Overview of Q3 and what went especially well

- 2.1 The new organisational structure was implemented from 1 September 2018 and this is the first quarter we are reporting performance under the new structure.
- 2.2 Teams have been adjusting to the changes of structure but continued to deliver services to a high standard during the period. As part of this, we have been successful in recruiting to a number of significant key senior posts, most notably the Executive Director of Delivery, and three Assistant Director posts in the People Directorate. A review of the council's Recruitment and Retention Strategy has also lead to a number of initiatives to improve the recruitment and retention of key staff and improving the council's brand as an employer of choice. As an example, a recruitment video has been produced based on values and behaviours and our approach to evaluating jobs.
- 2.3 During the quarter we launched our four family hubs. These are based around our children's centres – Oaks, Willows, Alders and the Rowans. We have grown the reach and profile of our children's centres to create the family hub and aligned a number of teams into these hubs to maximise case holding, capacity and multidisciplinary co-working to ultimately increase the number of high quality outcomes achieved for families.

- 2.4 The overall percentage of good and outstanding schools is improving over time, although the pace of that is obviously dependant on the number of school inspections that actually take place. During this quarter we have demonstrated real success. Cranbourne Primary has achieved an 'outstanding' rating. This brings the percentage of outstanding schools in Bracknell Forest to 17.9% against an average of 18.7%.
- 2.5 We have also had Fox Hill Primary School move from requires improvement to good. The inspection report demonstrates the direct impact of the improvements we have made to school support and our new Learning Improvement Strategy. Our STEPS (Standards and effectiveness partners) have been hugely influential in their roles, identified in a number of these quarters' inspection findings. I can confidently say that the Learning Improvement Strategy has embedded and we are starting to see the impact for our schools and most importantly Bracknell Forest children.
- 2.6 The Parks & Countryside Rangers are working closely with the Highway Engineers on their two new major highway improvement works, which have been designed to include extensive 'Greenway' enhancements. This parallel project will plant trees, create hedgerows and orchards, enhance meadows and improve biodiversity in an area around the widened roads which is planned as a genuine enhancement and not just a small mitigation for any vegetation removed. It is an example of innovation in the delivery of a highways project, embracing a 'One Council' approach to maximise the benefit of the external funding.
- 2.7 The review of the council's Transformation Programme has been completed to prioritise the projects that will deliver the most benefit to residents and contribute towards closing the gap in local government funding. As a result, 25 key projects have been identified as priority areas. Resources for these programmes and projects will be centrally managed and co-ordinated to ensure best use of resources and a consistent approach adopted across the council. The 2019/20 budget proposals include savings of £2.3m to be delivered by the Transformation Programme. This comes on top of the £11.6m that has already been achieved.
- 2.8 Successful completion on the purchase of an office building in Northampton saw the council secure its target £3m of net additional income from commercial property investments, incurring capital expenditure of £86m against an approved allocation of £90m.

3 What we are doing about things going not quite so well?

- 3.1 The satisfaction level expressed in the regular survey of contact with Customer Services, across all channels was 76.3% this quarter, down from 79.0% last quarter, against a target of 85.0%. We are investigating further, particularly as our telephony SLA has been strong over this period and the new reception area at Time Square has resulted in positive comments from customers.
- 3.2 A further area of concern relates to our performance reporting itself. Our plans to replace the existing PARIS system and introduce interactive dashboards have proved to be over optimistic. However, the Business Intelligence team are making good progress and a new InPhase system will be available from April. In the longer term the team are looking to introduce software that sits between InPhase and our main management system so that real time information will be available. Meanwhile, we are experimenting with the presentation of performance data using InPhase over the next two quarters so we are in a position to consolidate the new approach when the Council Plan for 2019 – 2023 is published in October.

Forward Look

In the third quarter we developed the council's first Strategic Workforce Plan. This aims to establish a consistent and effective approach across the council to ensure that we have the right people in the right place and the right time. We will look to full integrate workforce planning into the service planning cycle for 2019-20 onwards. Meanwhile, the current service plans will be refreshed and extended for the first two quarters of 2019/20 until September 2019. These will be for People, Delivery and Central Directorates. Central Directorates incorporate Finance, Organisational Development, Transformation and HR, and Place, Planning and Regeneration. Again, that will give sufficient time to develop a new Council Plan for 2019 – 2023 after the election on which subsequent Service Plans will be based.

Section 2: Budget Position

REVENUE BUDGET MONITORING

The monthly monitoring returns are set out in detail in each directorate's Quarterly Service Report (QSR).

Across the council, variances have been identified that indicate a net over spend of £2.34m, with £2.44m remaining unallocated in the Corporate Contingency. The net position is therefore an under spend of -£0.10m.

The major variances being reported are as follows:

Delivery

- An under spend on Waste Disposal mainly due to reduced contract costs and additional income (-£0.3m).
- An under spend on Concessionary Fares as the anticipated increase in passenger numbers following the opening of the Lexicon has not materialised (-£0.2m).
- Additional costs were incurred at Easthampstead Park Conference Centre (£0.3m) due to delays in finalising the sale.
- Visits to the council's car parks are less than those estimated pre the opening of the Lexicon (£0.3m). The income generated by the residents' car parking scheme is not covering the costs of administering the scheme and income from parking fines is less than budgeted (£0.1m).

People

- Within Children's Social Care, placement costs are forecast to over spend by £1.4m. The current forecast shows an increase of 13.1 FTE to 134.2 FTE (+11%) when compared to the budgeted number of FTE high cost placements.
- The budget includes savings from the Childrens Transformation Programme to the value of £1.2m. As the programme is still evolving and work progressing, to date, savings of £0.4m have been identified. Based on current expectations a further £0.4m of savings are anticipated to be delivered this financial year, with the remaining £0.4m expected to be achieved during 2019/20.
- Favourable movements in care package costs within the Community Teams for Mental Health (-£0.1m) has been offset by additional operational costs relating to the backfilling of vacant posts for staff working on transformation with agency staff (£0.2m).
- An increase in care package costs within the Adult Community Team (£0.5m).
- A reduction in equipment costs within Adult Social Care following the confirmation of Better Care Funding (-£0.1m) and a reduction in staffing costs plus additional income at Waymead care home (-£0.1m).

- An under spend on Housing, primarily from the capitalisation of salaries for staff administering disabled facilities grant, income from various council properties and a reduction in the bad debt provision for Housing Benefits (-0.4m)

Non Departmental Budgets

- Income received from s106 and the Community Infrastructure Levy has been significantly higher than expected. As a consequence, the council's external borrowing has increased at a much slower rate than was predicted when the current years' budget was approved and Minimum Revenue Provision costs are also lower. In addition, pro-active treasury management has delivered further reductions in the cost of funding the council's cash commitments. A significant under spend is predicted, with the level still quantified. This under spend will be used to reduce the call on the Transformation Reserve at year end.
- The council has been trying to reclaim VAT on leisure income for a number of years arguing that the sale of sporting and leisure services should be exempt from VAT. Following a court case last year involving the London Borough of Ealing, this claim has finally proved successful and a net payment of £2.2m has been received. This one-off income will be used to reduce the call on General Reserves at year end.

The in-year financial position will continue to be monitored closely, most particularly the impact of demand pressures in Children's and Adult Services, which are the most volatile areas. This will enable additional mitigating actions to be introduced if necessary to help ensure that expenditure is contained within the approved budget by the year end.

Some challenges still remain at Bracknell Leisure Centre in particular, but this quarter has seen a further improvement in how operations are being dealt with by Everyone Active, largely as a result of having a new Contract Manager in place, which is helping to drive standards, and both customer and staff communications. The number of complaints received by the council continues to drop. A further delay has meant that the council tax account is still to be made live, although it is now working successfully in the test environment. A plan is in development to extend the functionality of the online account.

This has included some coaching and introduction briefings for SLG and at Managers Forums. The National Graduate Development Programme Graduates that joined Bracknell Forest Council in September have completed strategic projects. Employee and Manager self-service has been increased via the provision of Videos, eLearning, jabber support and the roll out of additional iTrent modules. In addition "smart hours" and workshops have both been delivered and developed to support manager and staff development.
1.4.06 Introduce self-issue in libraries and deliver the extension of opening hours through the use of technology. (T)	31/12/2018		Self-service technology has been successfully implemented at all Libraries. However, print management software is only live in Bracknell Library and will be rolled out in Quarter 4. Implementation of Open+ technology is behind schedule and although it has been installed in Binfield Library, it has not yet gone live. It is expected that rollout across all sites will take place in Quarter 4.
1.4.17 Implement the Council's strategy to maximise the apprenticeship levy.	31/03/2020		The Council currently has 63 active apprentices. 12 of these are schools-based staff. The range of qualifications being taken include HR, Business administration, Network engineering and Children and young people's qualifications. As a result initial workforce plans are in place and agreed, these include development needs. CMT also agreed that strategic workforce planning will now be integrated into our service planning process. The Workforce Plan will be refreshed annually at the same time as the service plan, with ongoing Quarterly reviews with DMTs on key developments. It will be aligned with the business planning cycle and should integrate and supplement the achievements of key service delivery outcomes.
1.5 Community involvement and the use of volunteers in the delivery of council services has increased			
1.5.01 Support communities and Town and Parish Councils with the preparation of Neighbourhood Plans.	31/03/2019		Bracknell Town Neighbourhood Plan submitted and preparations made for consultation to commence on 7 January 2019. Warfield Neighbourhood Plan submission expected early in New Year.

The new strategy for the library service is community based with increased use of volunteers; currently just over 100 supporting the service. Extrapolation of this suggests that in-year savings by the end of the year will be £889k. However, this is offset by in-year pressures of £602k

A strong and resilient economy

2: A strong and resilient economy			
Action	Due Date	Status	Comments
2.1 The borough is regarded as an excellent business location			
2.1.01 Deliver the business liaison programme with key Bracknell Forest businesses.	31/03/2019		In the period October - December eight meetings took place. The programme is now looking more towards SME's and high growth start-ups. Of the larger corporates a number of contacts have moved on making it more difficult to set up meetings with them at the current time. No major issues reported in the meetings with businesses, mainly parking. The SME's were all keen to be signposted to relevant services and initiatives which has resulted in some new leads for our partner organisations.
2.1.02 Work in partnership with the Local Enterprise Partnership (LEP) to develop a strategy to support Bracknell Forest Small and Medium Enterprises (SMEs).	31/03/2019		Working closely with the LEP as well as the Growth Hub. In addition relationships with other organisations supporting SME's locally are maintained, including agents and the chamber. Attending the BLIS task & finish group and supporting where possible. Met with new Growth Hub liaison for Bracknell Forest with some promising outcomes for better reporting and joint working.
2.1.03 Support the formation of a Business Improvement District (BID) for the Southern and Western employment area.	31/03/2019		Since the launch event in September a number of engagement workshops have taken place feeding information into the business plan stage to commence in spring. Unfortunately the finance situation has changed slightly and the BID management consultancy had to increase their process due to the complexity of the area. The BID group will be able to pay for the majority of the costs and offset additional costs by providing resource. All parties are happy to work on this basis. A number of engagement workshops is planned for February covering: Transportation & Parking Safety & Security Broadband
2.1.05 Use the findings of the Functional Economic Area and Economic Development Needs Assessments to inform economic planning policies for the borough	31/03/2019		Responses to the comments made on economic development policies in the Draft Local Plan have been analysed and published and will inform the submission version of the Plan. Further work will be undertaken on the strategic approach to economic development which will include further consultation.
2.1.06 Identify, secure and implement necessary infrastructure to support growth through S106 and Community Infrastructure Levy (CIL) and bids for funds.	31/03/2019		CIL income target for the year has been achieved this quarter. Audit was conducted of CIL and S106 and final report expected early in new year. S106s are being completed at higher rates than in previous

			years. £7,120,410 secured from S106s during 2018 (calendar year).
2.2 The new town centre opens in 2017			
2.2.01 Work with the Bracknell Regeneration Partnership (BRP) to implement and monitor the construction programme for the regenerated town centre.	31/05/2018		Complete.
2.2.02 Deliver the programme of agreed town wide improvements.	30/09/2018		Complete.
2.2.03 Deliver key transport infrastructure which supports a newly functioning town centre. (E)	31/03/2019		Intelligent Transport infrastructure associated with the Lexicon continues to operate well. Monitoring and refinement work will continue as further town centre re-development progresses. Access for the range of transport modes remains effective.
2.2.04 Produce and implement a strategy for Market Square and the new market.	31/03/2019		Project currently on hold whilst site is being used as construction compound for Thomas Homes.
2.2.05 Ensure provision of public transport through improvements to cycleways, Bracknell Bus and Rail stations and ongoing dialog with all public transport providers to seek service improvements in order to provide access to Bracknell town centre by means other than car.	31/03/2019		Bus operators report that patronage has increased moderately since the Lexicon opened. Alongside the extension of Council supported bus services to cover evenings and Sundays, bus operators have also introduced changes to their commercially funded services in response to demand. Improved footway and cycleway links to the town centre are now in place and formalisation of the NCN422 cycle route will follow in 2020. Bracknell rail services are due to increase to 4 trains per hour (during peak periods) during 2019. Cycle parking within the town centre has been increased by over 100%.
2.2.06 Deal proactively with planning applications and monitor adherence to agreed S106 obligations.	31/03/2019		Planning performance for majors has improved in the quarter and is now back above target following a dip in the previous quarter. All other application types have met targets. Good levels of funding for S106 monitoring continue to be secured from developers. A new assistant has been recruited for the Infrastructure and Implementation team which will help with monitoring of S106s.
2.3 A thriving town centre is supported by coordinated town centre management			
2.3.01 Work with BRP to develop and implement the town centre management strategy.	31/03/2019		Ongoing.
2.3.02 Create planning policies that enable future regeneration for a continually evolving Town Centre through the comprehensive local plan.	31/03/2019		Town Centre Policies in the Draft Local Plan have been summarised and responded to and were considered and supported by the Members Working Group in October/November.
2.3.03 Manage the cleaning and grounds maintenance of the town centre in accordance with the town centre management agreement.	31/03/2019		All BFC areas within the town centre were pressure washed prior to the Queen's visit which was effective but staining from fast food soon reappeared. Pigeon mess is also a significant problem due to the number of

			them roosting on buildings. This issue has been passed to Environmental Health at PPP. Two new battery powered scrubbing machines have been demonstrated and looked effective. The small machine for spot staining was purchased at the end of December and the ride on machine is to be hired early in the new year for 4 weeks to see how effective this would be in the longer term.

This will include consideration of any new housing figures following the outcome of the government's consultation on the calculation of housing need.
2.5.03 Prepare bids to secure funding for infrastructure via the LEP, seeking to deliver the infrastructure on the Councils 123 list.	31/03/2026		Work on transport modelling and the IDP will provide essential evidence to support future infrastructure funding bids via the LEP and any other sources. The allocation of CIL to specific projects is carried out through the budget setting process. An initial expression of interest has been submitted to Homes England for support through the Garden Communities programme.

The timing for the provision of the new school will be linked to the demand for school places arising from the development.
3.3 More children are attending schools that are judged as good or better			
3.3.01 Ensure schools are judged at least good or outstanding by Ofsted through the implementation of the Learning Improvement Strategy.	31/03/2019		Improvements seen but the overall total remains below national. Following the introduction of the Learning and Improvement Strategy and newly restructured School Improvement team during the academic year 2017-18 there were 13 inspections with 12 having a positive outcome. During the autumn term 2018 there have been 3 inspections. One school went from good to outstanding, one from requiring improvement to good and one remained good. The last school to be judged outstanding in Bracknell Forest was three years ago. There are now 72% of schools who are judged to be good or better. Continuing to improve schools remains a key priority.
3.3.02 Ensure effective collaboration and communication with Regional Schools Commissioner and all schools including those within locally	31/03/2019		Regular meetings take place with the Department for Education (DfE). Building positive relationships with one of the academy trusts remains an area for further development. There is an effective working relationship with 4 out of the 5 trusts currently

established Multi Academy Trusts and standalone academies.			in Bracknell Forest. There have been concerns around admissions and exclusions in some of the academy trusts and support has been sought from the RSC. We have logged a recent complaint with the ESFA due to an academy refusing to take children.
3.4 Levels of attainment and pupil progress across all phases of learning are raised			
3.4.01 Ensure effective use of Pupil Premium grant to close gaps in attainment. (E)	31/03/2019		Pan-Berkshire Oracy training delivered this quarter (with 22 schools attending) has focused on key actions to narrow the gap. Key messages were shared at well attended Pupil Premium governor training. A full Pupil Premium review has been conducted in one primary school, and two further priority schools have received additional support and recommendations. The Member led Task and Finish group has used the outcomes from surveys and visits to the majority of schools to identify good practice and next steps to be shared with all schools. Outcomes have improved at Key Stage 1 and Key Stage 4. Improvement needs to be more rapid in the Early Years.
3.5 Children and young people from disadvantaged backgrounds are supported to achieve their potential			
3.5.02 Identify, assess and refer Young Carers, where appropriate, for support and intervention to ensure they reach their full potential in school (E)	31/03/2019		There are currently 181 young carers on our database of which 104 are female and 77 are male. Less than 10% have been categorised as needing intensive support or referral to CSC for further assessment. There are 3 young people currently being supported by Targeted Youth workers on a 1-1 basis. Three schools are currently being supported to undertake The Young Carers Award including the new Kings Academy.
3.5.03 Implement agreed recommendations from the High Needs Block review with a focus on quality and best value (E)	31/03/2019		Progress is being made towards developing and strengthening the LA's provision for primary and secondary schools to support them in meeting the needs of those pupils who are on SEN support or require alternative provision. This development consists of reviewing provision for pupils with Social, Emotional and Mental Health (SEMH) needs as well as those who whose needs would not be traditionally considered by existing panels.
3.5.04 Work with schools to identify young people at risk of disengaging in education, employment or training and ensuring appropriate interventions are put in place. (E)	31/03/2019		From October to December the Elevate Bracknell Forest team began CEIAG delivery with the new year 11 cohort in the six mainstream secondary schools, College Hall PRU and Kennel Lane School. Caseload reviews with our school partners took place at the beginning and end of the autumn term. For those pupils who had been referred in year 10 as being at risk of NEET, careers guidance continued in to year 11 and these pupils generally made earlier informed decisions about their post-16 future and established their plans sooner, allowing them

			to then focus on attaining the grade requirements for their chosen pathway. Information provided to pupils about the Careers Event at Coppid Beech by Learning to Work and college and sixth form open days, offering support to attend if needed. Partnership work with Learning to Work in delivery of the fifty work experience placements for pupils at risk of NEET.

The number of enquiries remains strong. The team continue to benefit from a staff member being financed by Cornerstone able to support with recruitment activity.
3.6 Children and young people with Special Educational Needs are supported to achieve their potential			
3.6.01 Continue to implement Special Educational Needs (SEND) legislation including ensuring Education, Health and Care Plans (EHCP) are completed on time and the transferring from SEN statements to EHCP is progressed. (E)	31/03/2019		Completion rates for EHCPs remain well above England average in spite of rising demand. Work is underway to look at ways of improving our offer for learners at SEN support, so that reliance on statutory input can decrease and the number of learners with complex needs staying within our local schools can increase. The piloting in 5 schools of an inclusion hub is one such initiative.
3.6.02 Increase the number of children with Special Educational Needs support achieving a Good Level of Development at the end of EYFS (E)	31/03/2019		SEND pupils continue to be tracked - no further data will be available until 2019/20
3.7 All young people who have left school go on to further education, find employment or undertake some form of training			
3.7.01 Develop accommodation for care leavers working with BFC Housing to oversee the Holly House site to provide additional local supported accommodation for care leavers with high level of support needs.	31/03/2019		1 block is completed with 6 high needs beds in use for care leavers. 2nd block is due for completion 3rd week in January 2019. 4 High needs beds for care leavers are in use at Rainforest walk. 3rd and final block due for completion mid-April 2019
3.7.02 Provide focused support for care leavers to enable access to appropriate education,	31/03/2019		Working with the Leaving Care Service and Look Ahead supportive housing, the Virtual School delivered a Christmas job project

employment and training opportunities. (E)		<p>within two housing units where 18 care leavers live. The project delivered 11 sessions (3 hours per sessions) and engaged with 12 NEET young people. The project included forming positive attachments, creating shared goals, identifying stressful situations, motivational video clips, information on enterprise skills, thinking skills which includes CBT techniques, identifying and overcoming negative thoughts, formalising a support network, careers information, advice & guidance such as assessing skills and interests, exploring job markets, locating opportunities, producing CV and completing applications. The impact of this was 11 new CV's were produced, 3 young people secured jobs, 1 young person re-started an apprenticeship, 1 care leaver achieved a job interview, 1 young person changed from college to work, 2 young people were referred to the Princes Trust and 3 young people referred to Adviza for longer term job search support. Those who remained NEET continue to engage with the Virtual School to work towards securing positive destinations.</p>
3.7.03 Work in partnership with the Elevate Project through Breakthrough Employment Service in order to support young people with additional needs into employment. (E)	31/03/2019	<p></p> <p>From October to December the Adviza NEET Intensive Support Project received eighteen new referrals. Of these eighteen referrals, ten young people completed ESF forms and signed up for Elevate Bracknell Forest. A further eight ESF forms were completed for Elevate from the Youth Obligation project at the Jobcentre run by National Careers Service with Adviza. Three young people undertook some form of work experience. Nine young people entered an EET destination. Elevate Bracknell Forest continue to maintain a presence at the Breakthrough centre. There were thirty careers appointments made in this quarter for post-16 young people who are NEET. EET opportunities for young people who choose not to access Further Education and who do not have Level 2 English and mathematics, remain few. In general, there is a skills gap between the level of qualifications and experience attained by the young people who are NEET and the entry requirements of apprenticeships and employment available.</p>
