Section 1: Chief Executive's Commentary

1 Introduction

- 1.1 This report sets out an overview of the council's performance for the first quarter of 2019/20 (April - June 2019). The purpose is to formally provide the Executive with a high-level summary of key achievements, and to highlight areas where performance was not matching targets or expectations, along with any remedial action that is being taken. It complements the detailed Quarterly Service Reports (QSRs), and is based upon the performance data that is available to all Members online.
- 1.2 Overall, good progress was made against the actions in the departmental service plans. At the end of the fourth quarter progress showed:
- 83 actions (81%) are green (1 complete, 82 in progress)
 - 20 actions (19%) are amber (1 complete, 19 in progress)
- 1.3 Section 3 of this report contains information on the performance indicators across the council for each of the strategic themes. Again, the picture was positive, showing that the status for the key indicators in the Council Plan in the fourth quarter is:
- 32 (82.0%) green
 - 1 (2.6%) amber
 - 6 (15.4%) red

31 further indicators have no set target.

2. Overview of Q1 and what went especially well

- 2.1 Teams have continued to deliver services to a high standard during the period. I have highlighted here a small selection of examples from across the organisation.
- 2.2 Democratic & Registration Services has successfully delivered 3 elections and implemented a successful programme of new Member Inductions. It has also piloted a number of different models for Scrutiny reviews and reports, to make these more engaging and make the output more accessible.
- 2.3 The council contained spending within the approved budget for the twenty-first consecutive year in 2018/19. The planned use of £2.5m of general reserves to support the budget will not be required, most notably due to the significant one-off receipt of a VAT refund from HMRC related to the tax treatment of Leisure income in previous years, following the council lodging a successful claim. 66% of the approved capital budget was spent during the year. Most of the budget remaining will be carried forward for schemes to be completed in 2019/20, although £8m is being reported as underspent, most notably relating to the Commercial Property Investment Strategy and King's Academy Binfield.
- 2.4 The Transformation team have successfully closed 4 projects this quarter. The portfolio methodology is embedding well and is being actively used to support evidence-based decision making regarding which projects to start, progress and stop to ensure maximum benefit for residents and impact on closing the budget gap. Nonetheless, the current transformation portfolio is unlikely to deliver the savings planned for this financial year. An action plan is in place to review the current portfolio and identify new opportunities for transformation savings.

- 2.5 One of the new projects is the “One Council Approach to Customers” project, which seeks to embed within the organisation, the key tools and approaches that will make the engagement with the council, easier for the customer and more effective for the organisation. This project builds on the programme to roll out Open+, library self-service to our network of library branches.
- 2.6 Planning application performance has been good and exceeded the performance targets for the quarter. Appeals performance for the quarter was 80% dismissed which is above the target of 66%. For the Community Infrastructure Levy (CIL), £1,231,000 was collected in the first quarter.
- 2.7 A formal Invitation to Tender has been issued for the Heathlands development. The procurement of a design and build contractor is being progressed in parallel with discussions with Health partners around the provider model for the facility, as approved by the Executive in March. The provider discussions are not yet concluded but a progress report is also on the agenda seeking authority to progress further.
- 2.8 The council is receiving more filming enquiries since the establishment of Berkshire Film Office in early 2018, particularly for premier venues such as Lily Hill Park and South Hill Park.
- 2.9 In Parks and Countryside, volunteers contributed 1,587 valuable hours last quarter towards maintaining local parks, open spaces and rights of way. Horseshoe Lake Country Park Procurement Plan was agreed by the Executive which enables the next stages in the development of this project.
- 2.10 In Housing and Welfare, the focus on the journey of a resident through our services has resulted in an improved time to process a change in circumstances for housing benefit. DWP publish the time taken for each local authority to process housing benefit new claims and change in circumstances on their website. The new claims national average was 19 days and Bracknell Forest’s published figure is 12 days. For change in circumstances the national average is 4 days and Bracknell Forest’s published figure is 2 days. This means we are equal second fastest in the South East for new claims and equal first for change in circumstances. Only 39 authorities throughout the UK processed new claims faster than Bracknell Forest, which is something to be proud of.

3 What we are doing about things going not quite so well?

- 3.1 The key focus for Finance in quarter 1 is inevitably the closing of the previous year’s accounts and preparing the statutory statement of accounts for audit. This year has been more difficult than most, with external auditors raising queries in areas where they have previously taken a more light-touch approach and the McCloud court case casting doubt on the level of liabilities in pension funds for all public sector pension schemes.
- 3.2 This necessitated further work being commissioned from the pension fund actuaries and late changes to the accounts. While the council presented its accounts for audit and they were agreed by our external auditors as “sound” by the deadline of 31 July, on-going delays to the audit of the Berkshire Pension Fund accounts mean that ours cannot yet be formally signed off by Ernst and Young. Over one third of all local authority accounts were not signed off by the 31 July this year, which has prompted the Local Government Association to formally write to the Government to express its concerns about the practicality of all local authority audits being completed by this date.

- 3.3 iWorks system development is progressing slowly due to resourcing constraints. Ongoing development required of self-service elements to increase management autonomy. Revision of duties have been undertaken to increase time available for development and priority development actions incorporated into wider review action plan in order to track progression.
- 3.4 Work is continuing to further develop effective step-up/down processes and further improve collaborative working between Early Help and Children's Social Care. The Front Door development is supporting this work and will continue to progress over the coming months.
- 3.5 The number of complaints received by the council has increased compared to last year. This year, a target has been set to maintain complaints to last year's levels. In the first quarter, we have received 58 complaints which is 9 more than this time last year. It's important to note however that this is the total number of complaints received and only 14 of these have been upheld or partially upheld so far. A full break down of complaints is given in Section 4: Corporate Health. A related feature of complaints is that the Local Government Ombudsman (LGO) is taking a more rigorous approach than in the past and is likely to find "fault" on the most minor issues. Bracknell Forest Council has a very positive record when it comes to LGO findings of fault. However, with the increasingly stringent approach, unless the LGO finds that the Council has caused injustice, we are not disputing findings, even when we have a very strong case. This simply reflects the disproportionate resources needed to respond to the LGO on minor points. There have been no findings of injustice in the current year.

Forward Look

A new Council Plan for 2019 – 2023 is being produced by directorates following the May elections and will be published in the Autumn. This will form the council's high-level strategy for the next four years. Service Plans for each directorate will be produced subsequently and refreshed annually.

Section 2: Budget Position

REVENUE BUDGET MONITORING

The monthly monitoring returns are set out in detail in each directorate's Quarterly Service Report (QSR).

Across the Council, variances have been identified that indicate a net over spend of £4.0m, with £2.5m remaining unallocated in the Corporate Contingency. The net position is therefore a potential over spend of £1.5m which is unprecedented for this time of the year and of concern.

The major variances being reported are as follows:

Delivery

- An over spend on Waste Collection (£0.1m) due to the new contract, the adoption of new housing developments and additional fuel costs.

People

- Within Children's Social Care the Devolved Staffing Budget is forecast to over spend by £0.3m, of which £0.1m relates to additional management capacity above budgeted establishment, with the remaining balance mainly relating to unavoidable agency staff covering unfilled posts. Placement costs are forecast to over spend by £2.0m. The current forecast shows an increase of 13.8 FTE to 132.8 FTE (+11.6%) when compared to the budgeted number of FTE high cost placements. The majority of the increase has occurred within in-house fostering. There has also been an impact on the number of Special Guardianship Orders resulting in a budget pressure of £0.2m.
- An overspend of £1.3m is forecast on Adult Social Care which primarily relates to purchased social care for People with Learning Disabilities (£1.2m) and includes revoked Community Health Care (CHC) funding of £0.3m. The overspend is exacerbated by the full year effect of care package changes towards the end of last year combined with a reduction in the budget in respect of transformation.
- Within Mental Health & Out of Hours there is a forecast overspend on purchased social care (£0.8m) due to a combination of CHC funding being withdrawn, the full year effect of care package increases, and a reduction in overall budget from transformation savings. There is also an over spend on staffing costs due to reliance on agency to fill vacant posts (£0.2m).

Non Departmental Budgets

- While the level of the Council's approved capital programme has been unprecedented in recent years, income received from s106 and CIL has also been significantly higher than expected. As a consequence, the Council's external borrowing has increased at a much slower rate than was predicted when the current and previous years' budgets were approved and Minimum Revenue Provision costs are also lower. In addition, pro-active treasury management has delivered further reductions in the cost of funding the Council's cash commitments. Further work over

the next two months will enable an accurate forecast to be established, however at this point it is estimated that an underspend of -£1.25m will be seen on interest budgets.

This projection excludes further potential pressures arising from the review of Continuing Health Care funding, which currently represents a significant financial risk. However, additional savings are likely to result from the review of the Minimum Revenue Provision in 2019/20.

The in-year financial position will continue to be monitored closely, in particular the impact of demand pressures in Children's and Adult Services which are the most volatile areas.

In response, DMTs have been asked to bring forward reporting of potential savings as quickly as possible, so that CMT can consider in September whether additional mitigating actions need to be introduced to ensure that net expenditure is contained within the approved budget by the year end.

During the next quarter preparatory work will be undertaken for the upgrade to the new electric version of iWorks.

<input checked="" type="checkbox"/> 1.4.05 Organisational Development and Workforce Transformation Strategy	In Progress	31/03/2020	65%	★	<p>Work continues towards the implementation of the Workforce and Organisational Development Strategy Framework 2017-2020. The focus for this quarter has been in the following key areas:</p> <ul style="list-style-type: none"> • Leadership and management - CMT agreed the proposed Coaching strategy, which sets out the high level next steps and included on line resources which will be available in the next quarter. Lead Coaches are continuing to complete their training. • The Senior Leadership group have completed Luminia Spark Profiling, which has provided immediate personal insights into personal traits and will provide the opportunity for further development work with teams and SLG as a whole to enhance leadership. • Strategic Workforce plan - The SWFP has been published and is now an organic document which is organisation wide and includes engagement between HR/OD service leaders Finance and Performance, this is supported by a cycle of quarterly analytics provided to DMT's to enable discussion and action relating to key areas. • Recruitment and Retention - Work continued to develop the Bracknell Forest Brand and agreement was given by CMT for the BFC recruitment toolkit which has been created to help managers shape their adverts for specific roles and to provide a clear message about Bracknell Forest Council as a whole. The toolkit will be launched July 2019. • Staff Engagement and Reward and Recognition - Preparation for this years staff awards nominations and ceremony have started and a pulse survey has been developed to provide a mid point position of staff views. The Pulse survey itself will take in July 2019.
<input checked="" type="checkbox"/> 1.4.06 Library services enhancements	In Progress	31/07/2019	60%	●	<p>The new Harmans Water Library was successfully completed on time, and opened on 8th April 2019, with the official opening by the Deputy Mayor on 17th June 2019. Open+ technology is now live at 3 Libraries: Binfield, Sandhurst and Harmans Water and is being well used by the public. Implementation has been delayed at the remaining 6 Libraries due to problems with old entrance doors. These are now being replaced before implementation continues, but the intention is to complete rollout by the end of Quarter 2.</p>
<input checked="" type="checkbox"/> 1.4.17 Apprenticeship Levy	In Progress	31/03/2020	90%	★	<p>We currently have 61 Apprentices enrolled on programmes. Discussions were held at all DMTs to explore areas that may benefit from additional staff development. HR Business Partners are promoting apprenticeships as part of their Workforce Planning meetings with departments.</p>
<input checked="" type="checkbox"/> 1.4.18 Learning and development opportunities	In Progress	30/06/2019	95%	★	<p>CMT considered a report on the Council's statutory responsibility to advise the Secretary of State of any suspected victims of modern slavery and exploitation in Bracknell Forest. In addition, the report provided an update on the work of the Council's Modern Slavery & Exploitation Strategic Group. In terms of specific courses on Modern Slavery our eLearning is a comprehensive module this has been supplemented by, two slightly different face to face sessions are offered, one by the LSCB and one by Community Safety which ran March 2019, it anticipated that these courses will be repeated.</p>
<input checked="" type="checkbox"/> 1.5.01 Neighbourhood Plans	In Progress	31/03/2020	25%	★	<p>Hearing was held on Bracknell Town Neighbourhood Plan and the Examiner has issued an interim report with options. The Town Council intend to proceed with changes made to the plan in light of the examiner's comments. The Warfield examination is under way but the examiner has issued a letter seeking a Statement of Common Ground between BFC and WPC on certain policy matters and agreement on the way forward regarding the need for for a Habitat Regulations Assessment. Comments have been provided on the draft Crowthorne Neighbourhood Plan.</p>
<input checked="" type="checkbox"/> 1.5.03 Community based delivery and volunteers	In Progress	31/03/2020	0%	★	<p>Community based delivery models and the use of volunteers continue to be considered within the analyse and plan phases of all transformation service reviews. Both the libraries and parks and countryside services have been successful in this approach.</p>
<input checked="" type="checkbox"/> 1.6.03 Consultation on proposed major changes	In Progress	31/03/2020	0%	★	<p>This action remains on track. Staff and customer consultation is planned into the Communications and Engagement Plan for all transformation projects.</p>
<input checked="" type="checkbox"/> 1.6.04 Review HR service (Brexit)	Completed	30/06/2019	100%	★	<p>Brexit would have minimal impact on the actual staffing structure/delivery of HR support service. HR support hub and wellbeing support/resourcing may need reviewing once the implications to wider council staff base are known and assessed in terms of support/administration requirements for staff who will be supporting the community with Brexit implications.</p>
<input checked="" type="checkbox"/> 1.7.02 Budget savings	In Progress	31/03/2020	0%	●	<p>Scale of Transformation savings being delivered is currently significantly below the budgeted figure. CMT is investigating options to accelerate delivery in priority areas.</p>
<input checked="" type="checkbox"/> 1.7.04 Implement savings for 2019-20	In Progress	30/09/2019	50%	●	<p>In Children's Social Care we continue to strive for better services while ensuring they are sustainable. We have achieved £129k of savings this financial year with further savings planned. Our current focus is exploring new opportunities for cost savings and service improvement.</p>
<input checked="" type="checkbox"/> 1.7.23 Spending within budget	In Progress	31/03/2020	0%	●	<p>Level of demand pressures together with shortfall in transformation savings targets is resulting in a budget overspend being reported at an early stage in the year. Work is being undertaken to identify mitigating actions to address this.</p>
<input checked="" type="checkbox"/> 1.8.01 Capital receipts targets	In Progress	31/03/2020	25%	●	<p>Sales progressed in line with expectations</p>

<input checked="" type="checkbox"/> 2.1.01 Business liaison programme	In Progress	31/03/2020	0%	★	In the period April - June four meetings took place. The programme is now looking more towards SME's and high growth start ups. Of the larger corporates a number of contacts have moved on making it more difficult to set up meetings with them at the current time. No major issues reported in the meetings with businesses, mainly parking and networking as well as potential expansion / relocation plans. The SME's were all keen to be signposted to relevant services and initiatives which has resulted in some new leads for our partner organisations.
<input checked="" type="checkbox"/> 2.1.02 SME Strategy	In Progress	31/03/2020	50%	★	Working closely with the LEP as well as the Growth Hub. In addition relationships with other organisations supporting SME's locally are maintained, including agents and the chamber. Attending the BLIS task & finish group and supporting where possible. Working closely with the new Growth hub liaison who will speak at one of the upcoming business events on their support offer for SME's. Exploring possibilities of a joint bid with other LA's to the new call by the LEP aiming to support innovation spaces.
<input checked="" type="checkbox"/> 2.1.03 Business Improvement District	In Progress	31/03/2020	75%	★	Since the launch event in September 2018 a number of engagement workshops have taken place feeding information into the business plan stage to commence in spring. The BID group has now formalised their draft business plan and are consulting on this. A consultation event took place in June and additional face to face and phone consultations are planned for the coming weeks. The plan is to go to ballot in October which is currently on track.
<input checked="" type="checkbox"/> 2.1.05 Economic planning policies	In Progress	31/03/2020	25%	★	The further work on the implications of revised housing numbers is progressing. This will inform the strategic approach to economic development which is being developed for the next stage of consultation in the autumn.
<input checked="" type="checkbox"/> 2.1.06 Infrastructure growth	In Progress	31/03/2020	38%	★	CIL income for the quarter was £1,231,316 which represents 38% of the target of £3.24million. £1,508,909 was received in Section 106 contributions during the quarter and funding to the value of £509,656 was secured through S106 agreements completed during the quarter.
<input checked="" type="checkbox"/> 2.2.05 Public transport	In Progress	31/03/2020	75%	★	Bus operators continue to report that patronage has increased moderately since the Lexicon opened. Alongside the extension of Council supported bus services to cover evenings and Sundays, bus operators have also introduced changes to their commercially funded services in response to demand. Reading Buses have recently acquired Courtney Buses and this may now bring further opportunities for positive changes to services. The improved footway and cycleway links to the town centre are all in place and formalisation of the NCN422 cycle route will follow in 2020. Cycle parking within the town centre has been increased by over 100%. Bracknell peak hour rail services have increased in May 2019.
<input checked="" type="checkbox"/> 2.2.06 Planning applications	In Progress	31/03/2020	25%	★	Minor and Other applications exceeded the performance targets which this year have been raised to 90%. Majors performance fell just below the 85% target at 84.21%, though performance on Majors was high in the final month of the quarter with 100% achieved.
<input checked="" type="checkbox"/> 2.3.01 Town centre management strategy	In Progress	30/09/2019	75%	★	Creation of a marketing and events post to manage small scale community events and commercialisation activities is being established. Monthly meetings with the Lexicon continue, covering both operational and strategic matters.
<input checked="" type="checkbox"/> 2.3.02 Planning policies enabling regeneration	In Progress	31/03/2020	25%	★	Policies and allocations for the new Local Plan are being developed to support and promote the further regeneration of the town centre and sites on the periphery of the town centre.
<input checked="" type="checkbox"/> 2.3.03 Town Centre Maintenance	In Progress	30/09/2019	0%	★	Towards the end of quarter 1 a new cleansing machine started being used in the town centre area on the paving, this has improved the cleanliness of the town centre. The contractor are also fully staffed in the town centre area and this has also enabled them to improve the standard.
<input checked="" type="checkbox"/> 2.5.01 Street lighting replacement	In Progress	01/06/2019	95%	★	The LED lighting project has seen the installment of 13,000 new lanterns and 1,000 new columns, serving nearly 50,000 homes. The final stages of installation are virtually complete (July 2019) and engineers are collating and analysing public feedback (and technical data) prior to commencing a second phase of work to address the small number of residents' concerns regarding operational issues.
<input checked="" type="checkbox"/> 2.5.02 Infrastructure delivery plan	In Progress	30/09/2019	25%	★	Further work is under way to review infrastructure requirements to align with the growth strategy being consulted on in the Autumn of 2019. This will take account of changes in housing numbers resulting from the application of the government's formula and the most recent affordability factor.
<input checked="" type="checkbox"/> 2.5.03 Infrastructure funding	In Progress	31/03/2026	25%	★	38% of CIL target for the year achieved within the first quarter and over £1.5million in S106 contributions collected. Over £0.5million secured in completed S106s during the quarter and CIL liability notices issued for over £5.7 million.
<input checked="" type="checkbox"/> 2.5.04 Strategic transport improvements	In Progress	not set	50%	★	The A322 Downshire Way improvement scheme is progressing well, this project is 70% DfT funded. The A3095 corridor improvement scheme will commence in Feb/March 2020 and is funded almost entirely from external contributions (Thames Valley Berkshire LEP and S106 developer contributions). Further funding has been provisionally secured for the A322/A329 corridor via the TVBLEP.

<input checked="" type="checkbox"/> 3.3.01 Ofsted judgement at least good or outstanding for schools	In Progress	31/03/2020	77%	★	Overall total remains below the national. Inspection of The Pines School in June resulted in the school being downgraded to RI as anticipated by the LA. The Learning Improvement Strategy for the next three years will be launched with schools in September. There is a clear focus on continuing to improve outcomes and the quality of leadership and management. Central to this will be the identification of Schools Causing Concern and the implementation of a clear plan to both challenge and support leaders to secure improvements.
<input checked="" type="checkbox"/> 3.4.01 Pupil Premium Grant	In Progress	31/03/2020	0%	★	Key findings from the Member-led Task and Finish Group have been shared with governors at the Chairs' Briefing. Year 1 of the Pan Berkshire Oracy Project has been successfully completed with schools reporting very positive impact on disadvantaged pupils. 20/21 of schools taking part are continuing on to Year 2 of the project, and a further five schools have joined. Leaders from 23 Bracknell Forest schools attended the Pupil Premium Network Meeting which focused on the key features of an effective strategy. One large BFC primary school has been subject to a full external review of the Pupil Premium, and has been provided with valuable recommendations.
<input checked="" type="checkbox"/> 3.5.04 NEETs	In Progress	31/03/2020	2.5%	★	2.5% of all 16 and 17 year olds for whom Bracknell Forest is responsible for were recorded as NEET at the end of June 2019. This was the validated figure. There are now less than 70 entries within the database that are inaccurate (legacy database issues) - these will be removed as a result of the data reporting cycle in September 2019. Elevate continues to work with those young people who are NEET and available to the labour market to support their transition to either education, employment or training.

<input checked="" type="checkbox"/> 3.6.01 Implement Special Educational Needs (SEND) legislation	In Progress	31/03/2020	80%	★	The SEND Code of Practice (2014) sets out statutory responsibilities for local areas. Bracknell Forest has a well defined graduated approach which is the key vehicle for implementing these legislative requirements. We continue to work with all stakeholders to further refine this approach as well as achieve better outcomes for children, young people and their families.
<input checked="" type="checkbox"/> 3.6.02 Special Educational Needs achieving a Good Level of Development at the end of EYFS	In Progress	31/03/2020	0%	★	Children due to attend full time school in September 2019 and known to the Child Development Centre are being offered 'Moving On' groups to help support their development and enable them to transition into school and continue to progress.

<input checked="" type="checkbox"/> 3.7.02 Care leavers EET	In Progress	31/03/2020	61%	★	<p>61% of all 18 - 21 year old Former Relevant young people were in EET at the end of June 2019. This equates to 38 out of 62 young people for this cohort.</p> <p>The whole cohort continues to be support by the Leaving Care Service as well as the Virtual School to progress towards EET as well as sustain these placements. Amongst the main reasons for those who are NEET from this cohort, mental health needs, single parents and lack of engagement with services generally are the most prevalent.</p> <p>There are individual support plans in place for each young person to reflect the range of multi professional and agency support.</p>
<input checked="" type="checkbox"/> 3.7.03 Young people in employment	In Progress	30/06/2020	92.8%	★	<p>Elevate Bracknell continues to support schools to ensure all those in Year 11 have a guaranteed offer in place for September 2019. The service will be working with all secondary schools, the college and education providers (both within and outside of the borough who have a 'Bracknell young person' on their role) to confirm their actual destination across September and October 2019. The outcome will then be reported to the DfE at the end of October 2019 which will constitute the borough's annual participation figures. Work done over the last 18 months has placed Bracknell Forest in a strong position to be able to report accurate data for this activity which has not been the case previously.</p>

People

The sickness levels as a whole have reduced since the last quarter. Most sections have seen a reduction over the last quarter but estimated figures for the year would still put Adult Social Care and Mental Health/Out of Hours with higher rates than the Authority figure for 2018/19.

Delivery

Sickness this quarter has reduced by quite a high proportion compared to last quarter. Property Services is the only section with a higher estimate for the year than the authority figure for 2018/19. This is due to a member of staff being off long-term sick which equates to all but 3 days of their absence this quarter.

Central

Sickness rates within the central directorate have decreased over the last quarter apart from within Finance where they have had 5 long-term sickness cases. 3 of these have now returned to work so figures should improve next quarter. The overall average for Central Directorates is below the Authority figure for last year of 7.22.

c) Strategic Risks and Audits

The Strategic Risk Register was reviewed by the Strategic Risk Management, Corporate Management Team and Governance and Audit Committee on 8 May, 5 June and 26 June 2019 respectively. The key changes agreed in the quarter were to:

- To add a risk on internal control weaknesses as identified in the Head of Internal Audit Annual Opinion which are currently being investigated and actioned by the Corporate Management Team;
- To add a risk on continuing health care;
- To increase the Finance risk due to uncertainty around level of future central government funding and delays in delivering transformation savings;
- To increase the transformation risk due to pressure on transformation savings;
- To increase the business continuity risk due to the findings of the review of business continuity across the authorities in the emergency planning shared service.
