

AGREED SYLLABUS FOR RE REVIEW 2011

It is now almost five years since the RE syllabus currently used in our schools was published. We have a legal obligation to review our syllabus every five years and this process will begin in June.

In preparation we need to gather some information about schools' responses to our current syllabus. This is your chance to influence the up-coming review. Please take time to talk with colleagues and complete this questionnaire and return it to Jo Fageant who will be analysing responses for us. You can use any of the following contact details to send your reply to Jo:
