**Item No: 8  
12/00131/FUL  
Dunraven House Thibet Road Sandhurst Berkshire GU47 9AR**

ISSUE DATE: 19 APRIL 2012

**Additional letter**

A letter has been received from the owner of Dunraven House which raises the following issues:

- Privacy: There is a separation of 48 metres between the rear elevations of the property and no. 30 Abingdon Road, with greater distances for no's 28, 32 and 40. The proposed balcony projects 4.5 metres from the rear of the house which provides a minimum separation of 43.5 metres. This distance is more than sufficient to avoid any overlooking or loss of privacy, either into the back garden of no. 30 or the property itself.

- Lighting: The lighting to which reference is made already exists, and was in situ when the property was brought. There is similar lighting on no. 30 Abingdon Rd which also shines into the house and the garden of Dunraven House.

- Loss of Screening: Works were undertaken to remove dead dying and diseased vegetation, and it would be the intention to provide replacement planting in due course.

- Bonfires: Although not a planning matter, there have been less than 10 bonfires during the 5 months since living at Dunraven House. All reasonable precautions were taken to ensure that there was no nuisance, and there have been no other complaints from any of the other neighbours.

In conclusion, the development proposals are consistent with the policies of the Development Plan, and do not cause any loss of amenity to any of the surrounding properties.
