**Proposed Work Programme for Overview and Scrutiny in 2012/13**

The proposed work programme for O&S from 2012/13 is shown on the following pages. The programme is aimed at maintaining a strategic and coordinated work programme based on major areas of Council and partner organisations' activity. The selection of review topics takes account of what is of direct and significant interest to residents, and what would be timely, relevant, and likely to add value. The programme incorporates the routine, on-going work of O&S and the completion of reviews currently underway.

The O&S Commission has consulted the O&S Panels, the Council's Corporate Management Team and the Executive on the work programme, as required by the Council's Constitution.

The work programme will necessarily be subject to continual refinement and updating. The 'future proposed reviews' are those which are unlikely to be resourced until 2013/14 or later.
