2015/16 Overview and Scrutiny Work Programme

The proposed work programme for O&S in 2015/16 is shown on the following pages. The programme is aimed at maintaining a strategic and co-ordinated work programme based on major areas of Council and partner organisations' activity. The review topics take account of what is likely to be timely, relevant, and to add value. The programme incorporates the routine, on-going work of O&S and the completion of reviews currently underway.

The O&S Commission has consulted the O&S Panels, the Council's Corporate Management Team and the Executive on the work programme, as required by the Council's Constitution.

The work programme will necessarily be subject to continual refinement and updating. The 'future possible reviews' are those which are unlikely to be resourced until 2016/17 or later.
