27. Questions Submitted under Council Procedural Rule 10.2

By Councillor Beadsley to the Executive Member for Social & Healthcare Services and Housing

What action has been taken to respond to motion 2/2003 passed by the Council on 26 March 2003?

Councillor Barnard referred to the complexity of the system for claiming child tax credit and the Government's concern in this regard. He also referred to the need for applicants to produce a series of documentation and to complete a 44 page application form. Bracknell Forest officers were seeking information on the child tax credit system, although final guidance from the Local Government Association had not been produced. He referred to the average family receiving between £5 to £6 per week as a result of the family tax credit system, although 10% in national insurance contributions would offset this. There were also problems with tax credit helpline and a large backlog of claims to be processed.

In responding to a supplementary question from Councillor Beadsly, Councillor Barnard agreed to report progress to the Council in September.
