Guide to choosing the right COVID-19 test

This advice applies to everyone regardless of vaccination.

Has COVID-19 symptoms*
Adults or children with COVID-19 symptoms

Book a PCR test at GOV.UK or by calling 119
While waiting for your test you and your household members (including support bubble) must self-isolate and only leave home to attend a test centre.

Does not have COVID-19 symptoms

All adults	Secondary school children, college students or staff	Nursery or primary school pupils
------------	--	----------------------------------

Twice weekly lateral flow tests (LFT)		No test required
Via your employer	Home kits provided by school/college	

or
Rapid Test Centre

or
Collect from Community Collect centre or Pharmacy Collect

or
Order a home kit at GOV.UK

*** COVID-19 symptoms include:**

- a high temperature
- a new, continuous cough
- a loss or change to your sense of smell or taste

Ω

If you have COVID-19 symptoms or a positive LFT result, self-isolate and book a PCR test by visiting GOV.UK or call 119. The confirmatory PCR test should be booked within 48 hours. If you receive negative test results, this is only an indication that you are unlikely to have COVID-19, not 100% confirmation - continue to observe hands face space and get regularly tested.

The importance of self-isolation

If your LFT is positive it is important for you and your household to self-isolate straight away and book a PCR test to confirm the result

If your test is negative it is unlikely that you were carrying the virus at the time of test, however it is important to continue to follow all guidelines

More information on local testing sites etc. can be found on Bracknell Forest's Rapid Testing webpages

LFT Result

If you test positive for Covid-19 you must:

- Stay isolated
- Get a PCR test straight away
- Order your PCR by **calling 119** or online via www.gov.uk/get-coronavirus-test
