

**Bracknell Forest Council
Record of Decision**

Work Programme Reference	I105705
---------------------------------	----------------

1. **TITLE:** Scheidt & Bachmann (S&B) switch out project – multi storey car parks infrastructure

2. **SERVICE AREA:** Delivery

3. **PURPOSE OF DECISION**

To appraise BTCRC of the outcome of the independent parking review report commissioned by BFC and to update on next steps.

4. **IS KEY DECISION** Yes

5. **DECISION MADE BY:** Bracknell Town Centre Regeneration Committee

6. **DECISION:**

RECOMMENDED to the Executive Member for Economic Development and Regeneration that the S&B infrastructure be retained for the remaining lifespan of the equipment.

7. **REASON FOR DECISION**

There are pros and cons in relation to switching out the existing car parking technology. Whilst the pros are easily quantifiable (cost saving, improvements in app technology etc.) the cons are less structured. The impact on the customer experience, particularly in the Avenue car park, is significant and is a potential risk. As such it is recommended that the switch is not made at this time.

8. **ALTERNATIVE OPTIONS CONSIDERED**

No further proposals considered at this time.

9. **DOCUMENT CONSIDERED:** Report of the Executive Director: Delivery

10. **DECLARED CONFLICTS OF INTEREST:** None

Date Decision Made	Final Day of Call-in Period
21 March 2022	28 March 2022
