**TITLE:** Flexible Home Improvement Loan

**PURPOSE OF DECISION:** To seek approval regarding Bracknell Forest Borough Council's (BFBC) participation in a sub-regional flexible home improvement loan scheme in a consortium with 16 other local authorities in the area, and set out the mechanisms required to implement the scheme locally.

**FINANCIAL IMPACT:** The Council has, without commitment, joined in a bid with other local authorities for funding to establish such a Scheme. It would be necessary for the participating local authorities jointly to form a company, limited by guarantee, and for each authority to appoint a board member. The liability of the Council, in respect of this company, would be limited to £10. This company would enter into a contract with a third party financial institution to administer the Scheme. There would be no capital cost to the Council. Costs relating to officer time, printing and training etc would be contained within existing budgets and are likely to amount to approximately £4,000 in the first year, reducing in subsequent years.
