

Dear Mr Fletcher,

I am writing on behalf of Mr Edip Koziuca (Star Kebab Market Street)

My family and I have been using Star Kebabs for a number of years approximatley two or three times a week. The location is ideal for us as it is just a short drive from our home and rather than being a negative that there are other food takeaway premises in the neighbourhood, this is indeed a positive in that I often can walk to some of the other places at the same time to pick up items for other members of the family. I have tried other Kebab places around Bracknell and have found that Star Kebab's is without doubt is the best with regards to cleanliness, taste and friendliness of the staff. I feel that there is more than enough space for Mr Koziucato trade in and that he offers an excellent service to residence of Bracknell.

I understand that Bracknell is going through a significant number of changes and strongly believe that Star Kebabs will play a vital role to the community. My family and hope and wish that you will reconsider Mr Koziuca's renewal of his street trading consent.

Yours sincerely

Dear Mr Fletcher

I'm writing this letter to protest against Star Kebab's moving. The van is very local to where I live. I can visit the van up to 4/5 times a week, The van only uses quarter of the layby which leaves car parking spaces for other customers. There are also other facility to park eg. The point or skimped Hill Health Centre. There is also a bench so customers do not block the pavement. The van does not interfere with anyone else in the area. That's why I'm more than happy to keep using star kebabs as I don't use any other trader

Dear Sir Charlie Fletcher,

Regarding your wish to remove the Star Kebab Van, I would like to say the following:

- Since I am living and working in this country, I found that place and I can say that the location of it is one of the best in town, because you can have a social life been a client of the Van. I met many friends there.
- Maybe 4 - 5 times a week I am visiting my friends (staff) and almost all the time I am taking a work colleagues with me (because we live in same house)
- The place that the Van is currently taking in my opinion is not more than 1 car place, but the benefit to have the choice to eat different kind of foods is much bigger than this. Not mention that this is food very close to my traditional food, so I love it!
- If I have to be honest, I have tried some other places offer food like this in Bracknell, but the quality and the special contact with the clients are like no other at the town.
- I don't think that the presence of the Kebab Van there, is acting badly to anyone of the citizen of the Bracknell town or at the near area, on the contrary it makes the atmosphere more colorful and attractive.

Warm regards,

To whom it may concern

We understand it is the intention of the council to terminate the licence for the Star Kebab van in Market Street

As a proprietor of a business in Market Street which is next to the said kebab van we are happy with the kebab van staying in its present place, it acts as a bit more security for us in the shops when the drunks and drug addicts are hanging around outside the off licence begging and generally making a nuisance of themselves. And when we leave work in the evenings it can be quite scary if one of us is on our own. We also use the facility when we leave work some evenings.

To whom it may concern,

It disappoints me to find out that there is a plan to close down a local business in my area of residence (Star Kebab, Market Street)

This business has been there for over 26 years. I myself have only been in the area for just over a year and come from the busy location of Hammersmith.

This business is an asset to the community and is used by people who live and afar.

I have never experienced any disturbance from this being there and being an owner of a new development nearby would not hesitate to report.

I appreciate the need for new business especially with the regeneration however to consider the closure of a well-established business due to this in my opinion is not the right way forward for an up and coming affluent area.

I am writing this letter to support the Star kebab , since we opened the shop in Bracknell me and my colleges are regular customers . We eat here at least three or four times a week , the food they serve is fresh and great . I know them for around 5 years and they are doing a very good job in terms of satisfying customers and giving better service. its very difficult to understand the fact that they are causing nuisance for parking as the town centre is only on the other side and it doesn't cause any problems with the traffic. They start only after 6pm and the traffic is not that high in that area . So am kindly requesting you to allow them to continue operating the business .

Dear Sir,

I would like to mention that Star Kebab is my favourite destination to enjoy a good tasty kebab. I stay in Bracknell and work here with work permit and valid visa. Whenever I feel bored of my own cooking, I have the delicious kebab from Star Kebab. Me and my friends discuss everyday if we can have your kebab but finally settle for twice to thrice a week. We would love to keep visiting Star Kebab now and then. Thanks for your delicious kebabs.

Re: Star Kebab, Market Street

We regret to hear that you are planning to refuse application for Edip's Kebab street trade, hence we are writing this letter.

Living in the area for more than 13 years, we have been using his van twice or even three times a week, due to his quality, cleanness and most importantly great customer service.

Being in the location is convenient not just for those in town centre but even to us living on the skirts of Bracknell town.

In my opinion, there is plenty of space for the Van to trade in regardless other night takeaway food retailers.

His presence do not cause any inconvenience or interference with anyone in the area.

Hope you will reconsider his application and allow us to have our best STAR kebab in the area.

Your sincerely,
