Subject: Burger Van Licence Application 79839742

I wish to OBJECT to Application 79839742 for the siting of trading by van or similar vehicle on the Wildmoor Heath Nature Reserve BFC79839742.

I appreciate that objections to licenses may be on the grounds

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance
- the protection of children from harm

The overriding objection is the prevention of public nuisance by placing the business adjacent to the Wildmoor Heath Nature Reserve and the Thames Basin Heaths Special Protection Area. The Nature Reserve is a Site of Special Scientific Interest. There may also be Planning and Environmental concerns

The suggested trading van must inevitably disturb this site and discarded waste food will encourage vermin and help to ruin the safety of the site. One would deduce from other sites where burger van trade that those that visit for a burger will have no interest in caring for the site and are likely to cause damage by careless behaviour.

I am also copying Planning and Parks & Countryside as the BFBC web site <https://www.bracknell-forest.gov.uk/parks-and-countryside/parks-visit/wildmoor-heath> states "Wildmoor Heath has lowland heathland that is part of the ecologically important Thames Basin Heaths Special Protection Area (SPA) and is a Site of Special Scientific Interest". That conflicts massively with having burger vans at the site.
