Subject: McDonald's

Hi I am a resident at Ferriby court , myself and many other tenants are not happy about where the new McDonald's is situated, we have before had letters to advise of what's opening but not this time. We all object to the new restaurant and the late opening, it's bad enough where the old one is hearing gangs of kids shouting and gathering in gangs running riot in the high street and now we will have it all on our doorstep, it's bad enough with noise, we get no peace and can't relax in our own homes because of noise, now we feel this is going to increase , noise rubbish gangs of kids , as well with it having an upstairs residents facing it will now have no privacy with people being able to look straight in to our homes , if we had been consulted we would never of wanted this on our doorstep, it's stressful enough having to walk through past kids intimidating you to now have them hanging around right outside and they will be sitting on our stairs and coming up , we can see this all unfolding in to a living nightmare . We all have concerns and know that previous times police have been called and nothing has happened no one turns up, no lexicon staff past 6/7 pm stoping the bad behaviour and disturbing the peace by these kids or stopping cyclists skateboarders etc...seems we at Ferriby court have a constant battle to have a small bit of privacy now we have none and will have these gangs, more of the public outside our homes it's just not on and not acceptable to have it open so late with residents who live right opposite !!!

Regards
