9. PLANNING CONSIDERATIONS

9.1 The key issues for consideration are:

- i Principle of development
- ii Impact on character and appearance of the area
- iii Impact on residential amenity
- iv Highway Safety considerations
- v Landscaping considerations

i. Principle of development

9.2 The application site is located within a defined settlement as designated by the Bracknell Forest Borough Polices Map. Due to its location and nature, the proposal is considered to be acceptable in principle and in accordance with CSDPD Policies CS1 (Sustainable Development), CS2 (Locational Principles) and the NPPF subject to no adverse impacts upon character and appearance of surrounding area, residential amenities of neighbouring properties and highway safety. These matters are assessed below.

ii. Impact on character and appearance of the area

9.3 The parking bays are to be located on grassed amenity land.

9.4 The proposed bays are not considered to have a significant detrimental impact on the streetscene subject to the provision of planting to mitigate the loss of soft landscaping. A condition requiring a landscaping plan prior to commencement is recommended.

iii. Impact on Residential Amenity

9.5 Due to the nature of the proposed parking spaces, they would not result in an adverse impact on the residential amenities of the occupiers of neighbouring properties in regard to possible overlooking, overbearing or overshadowing. Furthermore, considering this is currently a built-up residential area and the presence of the existing parking spaces, it is not considered that the proposal would result in an adverse level of noise and disturbance to the local residents.

iv. Highway Safety

9.6 The Highway Authority considered that the new parking bays would not affect the existing access or parking arrangements and will help improve highway and pedestrian safety. The Highway Authority therefore raised no objection

9.7 However, the Highway Authority did request wooden bollards, knee rail, or other landscaped means, are provided to deter parking on the grass verge.

v. Landscaping Considerations

9.8 The Landscaping Officer considered the proposal acceptable subject to planting to mitigate the loss of amenity grass area and an existing young tree to enhance the character of the area.

9.9 The Landscaping Officer has stated that this can be addressed by a condition. A landscaping condition would also satisfy the Highway Authority's request to deter parking on the grass verge.

10. CONCLUSIONS

10.1 It is considered that the development is acceptable in principle and would not result in an adverse impact on the character and appearance of the surrounding area, highway safety or the residential amenities of the occupiers of the neighbouring properties. It is therefore considered that the proposed development complies with 'Saved' policies EN20 and M9 of the BFBLP, Policies CS1, CS2, CS7 and CS23 of the CSDPD, BFBC SPDs and the NPPF.

6 RECOMMENDATION

That the application be **APPROVED** subject to the following conditions:-

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out only in accordance with the following approved plans and documents received by the Local Planning Authority on 06.04.2022:

Construction layout plan location plan and typical section – Drawing No. - 5072-263

REASON: To ensure that the development is carried out only as approved by the Local Planning Authority.

3. The development shall not be begun until a scheme depicting hard and soft landscaping has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include a 3 year post planting maintenance schedule. All planting comprised in the soft landscaping works shall be carried out and completed in full accordance with the approved scheme, in the nearest planting season (1st October to 31st March inclusive) to the completion of the development or prior to the parking spaces being brought into use, whichever is sooner. All hard landscaping works shall be carried and completed prior to the parking spaces being brought into use. As a minimum, the quality of all hard and soft landscape works shall be carried out in accordance with British Standard 4428:1989 'Code Of practice For General Landscape Operations' or any subsequent revision. All trees and other plants included within the approved details shall be healthy, well-formed specimens of a minimum quality that is compatible with British Standard 3936:1992 (Part 1) 'Specifications For Trees & Shrubs' and British Standard 4043 (where applicable) or any subsequent revision. Any trees or other plants which within a period of 5 years from the completion of the development, die, are removed, uprooted, are significantly damaged, become diseased or deformed, shall be replaced during the nearest planting season (1st October to 31st March inclusive) with others of the same size, species and quality as approved.

REASON: In the interests of good landscape design and the visual amenity of the area. [Core Strategy DPD CS7, BFBLP 'Saved' Policies EN2 and EN20]

Informatives

01. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
02. The following conditions do not require details to be submitted, but must be complied with:
 1. Time limit
 2. Approved plan
03. The applicant is advised that the following condition requires discharging prior to the commencement of development:
 3. Landscaping scheme
04. The applicant should note that this permission does not convey any authorisation to enter onto land or to carry out works on land not within the applicant's ownership
05. This is a planning permission. Before beginning any development you may also need separate permission(s) under Building Regulations or other legislation. It is your responsibility to check that there are no covenants or other restrictions that apply to your property.
