1.1 FINANCIAL MANAGEMENT STANDARDS

Why is this important?

All staff and Members have a duty to abide by the highest standards of probity in dealing with financial issues. This is facilitated by ensuring everyone is clear about the standards to which they are working and the controls that are in place to ensure that these standards are met.

Key controls

The key controls and control objectives for financial management standards are:

- (a) their promotion throughout the authority
- (b) a monitoring system to review compliance with financial standards, and regular comparisons of performance indicators and benchmark standards that are reported to Executive Members.

Responsibilities of the Executive Director: Resources

To ensure the proper administration of the financial affairs of the authority.

To set the financial management standards and to monitor compliance with them.

To ensure proper professional practices are adhered to and to act as head of profession in relation to the standards, performance and development of finance staff throughout the authority.

To advise on the key strategic controls necessary to secure sound financial management.

To ensure that financial information is available to enable accurate and timely monitoring and reporting of comparisons of national and local financial performance indicators.

Responsibilities of Directors

To promote the financial management standards set by the Executive Director: Resources in their departments and to monitor adherence to the standards and practices, liaising as necessary with the Executive Director: Resources.

To promote sound financial practices in relation to the standards, performance and development of staff in their departments.

1.2 PREPARING REPORTS FOR DECISIONS

Why is it important?

All decisions taken by Members or Officers on the basis of reports presented to them by an Officer must take into account all of the key legal and financial issues and implications arising from the recommendations of that report.

Key Controls

All Member and Corporate Management Team decision reports and reports seeking authorisation for a Key Decision to be made by an officer must include a section within the report for comments from the Executive Director: Resources and Borough Solicitor.

It is the responsibility of the report author to ensure that any report contains these comments from the Executive Director: Resources and Borough Solicitor prior to publication of the report.

The report author must allow sufficient time (usually five days) prior to sending for publication for the Executive Director: Resources and the Borough Solicitor to enable the appropriate comment to be provided

Responsibilities of Executive Director: Resources and Borough Solicitor

To provide appropriate professional advice on the contents and recommendations of the report within a reasonable time period after receiving copy of report.

If a report is published which, in the opinion of the Executive Director: Resources or Borough Solicitor, does not contain appropriate and accurate financial or legal information, to report to the Chief Executive or Executive Director: Resources who will consider withdrawing the report from the agenda.

Responsibilities of Directors

All draft reports which require decision by Members or a Key Decision by an officer, except where the Executive Director: Resources has otherwise decided, shall contain a section dealing with the financial implications of the matter(s) covered by the report. Officers preparing reports must consult, and satisfy, the Executive Director: Resources that the financial information is appropriate and accurate before the report is finalised and published.

All draft reports which require decision by Members or a Key Decision by an officer, except where the Borough Solicitor has otherwise decided, shall contain a section dealing with the legal implications of the matter(s) covered by the report. Officers preparing reports must consult and satisfy the Borough Solicitor that the legal information is appropriate and accurate before the report is finalised and published.

1.3 SCHEME OF VIREMENT

Why is this important?

The scheme of virement is intended to enable the Executive, Directors and their staff to manage budgets with a degree of flexibility within the overall policy framework determined by the Full Council, and therefore to optimise the use of resources.

Key controls

The overall budget is proposed by the Executive and approved by the Full Council. Any addition to the overall budget will require approval by the Full Council. Directors and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover virement; that is, switching resources between approved estimates or heads of expenditure. For the purposes of this scheme, a budget head is considered to be a line in the approved and published cash budget.

Virement does not create additional overall budget liability. Directors are expected to exercise their discretion in managing their budgets responsibly and prudently. They should aim to avoid supporting recurring expenditure from one-off sources of savings or additional income, or creating future commitments, including full-year effects of decisions made part way through a year, for which they have not identified future resources. Directors must plan to fund such commitments from within their own budgets.

Virement is administered by the Executive Director: Resources within guidelines approved by the Full Council and these are as follows:

Approval of the full Executive is required for any virement, of whatever amount, where it is proposed to vire between budgets managed by different Directors or Executive Members. Virement is only allowed where at the time of approving the virement the Directors overall budget is not expected to be overspent. The following authorisation levels apply to all virements between one budget head and another.

Value	Authoriser
Up to and including £25,000	Director
Over £25,000 up to and including £50,000	Executive Member
Over £50,000 up to and including £100,000	Executive
Over £100,000	Full Council

Where virements require Member approval they can only be approved following a joint report by the Executive Director: Resources and the Director, which must specify the proposed expenditure and the source of funding, and must explain the implications in the current and future financial year.

Virement is not allowed between any funds from internal recharges, capital charges, interest, support service recharges to other budget heads without the approval of Full Council.

Virement can only be applied to the Devolved Staffing Budget if the effects are contained within the same financial year.

Where an approved budget is a lump-sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:

- (a) the amount is used in accordance with the purposes for which it has been established
- (b) the Executive has approved the basis and the terms on which it will be allocated.

Responsibilities of the Executive Director: Resources

To administer the scheme of virement.

To prepare jointly with the Director a report to the Executive on proposed virements which are in excess of the delegated limits.

Responsibilities of Directors

A Director may exercise virement on budgets under their control for amounts up to £25,000 on any one budget head during the year, following notification to the Executive Director: Resources in accordance with the key controls set out above.

A school's governing body may transfer budget provision between heads of expenditure within the delegated school budget in accordance with the Scheme for Local Management of Schools.

1.4 TREATMENT OF YEAR END BALANCES

Why is this important?

Any revenue budget provision which remains unspent at the end of the financial year is returned to general balances. However, there may, occasionally, be exceptional circumstances which require some unspent provision to be carried forward to the following year. This will only be permitted provided that the carry forward does not result in either the individual budget head, or the Service Budget, overspending its approved budget. For the purposes of this scheme, a budget head is considered to be a line in the approved and published cash budget.

Key controls

Appropriate accounting procedures are in operation to ensure that carried-forward totals are correct.

The Officer approval of budget carry forwards can only be made where the whole Council's budget is under spent and the relevant Department's budget is under spent.

Responsibilities of the Executive Director: Resources

To administer the scheme of budget carry-forwards within the guidelines approved by the Full Council.

To report all budget carry-forwards to the Corporate Management Team, Executive and Full Council.

Responsibilities of Directors

Any request for a carry forward must be made, in writing, by the relevant Director to the Executive Director: Resources who, with the Chief Executive, may authorise the necessary funding to be set aside. In such cases, any carry forward allocation lasts for one year only, at the end of which, any unused funds are automatically returned to General Balances.

All revenue budget lines can be carried forward except for the following:

- Capital Charges
- Inter-Directorate Charges
- Employees
- Income.

Directors can carry forward Capital Budgets for one additional year. For subsequent years, funding may only be rolled forward automatically if work on a project has commenced on-site, otherwise the approval of the Full Council must be obtained.

The Council's Local Management of Schools Scheme of Delegation for Primary, Secondary and Special Schools, includes the statutory requirement for schools to be able to carry forward funds on their delegated Budget. By the same rule, any

overspends are brought forward as a first charge to their next year's Budget. This rule is extended to cover budgets devolved to the Language and Literacy Centres, Pupil Referral Units and Adjustment Centres. Budgets held for the Schools Specific Contingency may also be automatically carried forward.

1.5 ACCOUNTING POLICIES

Why is this important?

The Executive Director: Resources is responsible for the preparation of the authority's statement of accounts, in accordance with proper practices as set out in the format required by all relevant accounting standards and accounting codes of practice, for each financial year ending 31 March.

- (d) financial statements are prepared which present fairly the financial position of the authority and its expenditure and income.

Responsibilities of Directors

To adhere to the accounting policies and guidelines approved by the Executive Director: Resources.

Why is this important?

Maintaining proper accounting records is one of the ways in which the authority discharges its responsibility for stewardship of public resources. The authority has a statutory responsibility to prepare its annual accounts to present fairly its operations during the year. These are subject to external audit. This audit provides assurance that the accounts are prepared properly, that proper accounting practices have been followed and that quality arrangements have been made for securing economy, efficiency and effectiveness in the use of the authority's resources.

Key controls

The key controls for accounting records and returns are:

- (a) all Executive Members, Finance Staff and Budget Managers operate within the required accounting standards and timetables
- (b) all the authority's transactions, material commitments and contracts and other essential accounting information are recorded completely, accurately and on a timely basis
- (c) procedures are in place to enable accounting records to be reconstituted in the event of systems failure
- (d) reconciliation procedures are carried out to ensure transactions are correctly recorded
- (e) prime documents are retained in accordance with legislative and other requirements.

Responsibilities of the Executive Director: Resources

To determine the accounting procedures and records for the authority. Where these are maintained outside the finance department, the Executive Director: Resources should consult the Director concerned.

To arrange for the compilation of all accounts and accounting records under his or her direction.

To comply with the following principles when allocating accounting duties:

- (a) separating the duties of providing information about sums due to or from the authority and calculating, checking and recording these sums from the duty of collecting or disbursing them

To prepare and publish the audited accounts of the authority for each financial year, in accordance with the statutory timetable and with the requirement for the Full Council to approve the statement of accounts before 30 September (delegated to the Governance and Audit Committee).

To ensure the proper retention of financial documents in accordance with the requirements set out in the authority's document retention schedule.

Responsibilities of Directors

To consult and obtain the approval of the Executive Director: Resources before making any changes to accounting records and procedures.

To comply with the following principles when allocating accounting duties:

- (a) separating the duties of providing information about sums due to or from the authority and calculating, checking and recording these sums from the duty of collecting or disbursing them
- (b) employees with the duty of examining or checking the accounts of cash transactions must not themselves be engaged in these transactions.

To maintain adequate records to provide a management trail leading from the source of income/expenditure through to the accounting statements.

To supply information required to enable the statement of accounts to be completed in accordance with guidelines issued by the Executive Director: Resources.

1.7 THE ANNUAL FINANCIAL STATEMENTS

Why is this important?

The authority has a statutory responsibility to prepare its own accounts to present fairly its operations during the year. The Full Council is responsible for approving the statutory annual financial statements and this has been delegated to the Governance and Audit Committee.

Key controls

The key controls for the annual financial statements are:

- the authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of these affairs. In this authority, that officer is the Executive Director: Resources
- the authority's financial statements must be prepared in accordance with proper practices as set out in all relevant accounting standards and accounting codes of practice.

Responsibilities of the Executive Director: Resources

To select suitable accounting policies and to apply them consistently.

To make judgements and estimates that are reasonable and prudent.

To comply with all relevant accounting standards and accounting codes of practice.

To sign and date the financial statements, stating that they present fairly the financial position of the authority at the accounting date and its income and expenditure for the year ended 31 March.

To draw up the timetable for final accounts preparation and to advise staff and external auditors accordingly.

Responsibilities of Directors

To comply with accounting guidance provided by the Executive Director: Resources and to supply the Executive Director: Resources with information when required.

2.1 BUDGETING – FORMAT OF THE BUDGET

Why is this important?

The format of the budget determines the level of detail to which financial control and management will be exercised. The format shapes how the rules around virement operate, the operation of cash limits and sets the level at which funds may be reallocated within budgets.

Key controls

The key controls for the budget format are:

- (a) the format complies with all legal requirements
- (b) the format complies with all relevant accounting standards and accounting codes of practice
- (c) the format reflects the accountabilities of service delivery.

Responsibilities of the Executive Director: Resources

To advise the Executive on the format of the budget that is approved by the Full Council.

Responsibilities of Directors

To comply with accounting guidance provided by the Executive Director: Resources.

2.2 REVENUE BUDGET PREPARATION, MONITORING AND CONTROL

Why is this important?

Budget management ensures that once the budget has been approved by the Full Council, resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the authority to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.

By continuously identifying and explaining variances against budgetary targets, the authority can identify changes in trends and resource requirements at the earliest opportunity. The authority itself operates within an annual cash limit, approved when setting the overall budget. To ensure that the authority in total does not overspend, each service is required to manage its own expenditure within the cash-limited budget allocated to it.

For the purposes of budgetary control by managers, a budget will normally be the planned income and expenditure for a service area or cost centre. However, budgetary control may take place at a more detailed level if this is required by the Director's scheme of delegation.

Key controls

The key controls for managing and controlling the revenue budget are:

- (a) budget managers should be responsible only for income and expenditure that they can influence
- (b) there is a nominated budget manager for each cost centre heading
- (c) budget managers accept accountability for their budgets and the level of service to be delivered and understand their financial responsibilities
- (d) budget managers follow an approved certification process for all expenditure
- (e) income and expenditure are properly recorded and accounted for
- (f) performance levels/levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs and budget.
- (g) budget managers have completed sufficient training to enable them to fulfil their role

Responsibilities of the Executive Director: Resources

To establish an appropriate framework of budgetary management and control that ensures that:

- (a) budget management is exercised within annual cash limits unless the Full Council agrees otherwise

- (b) each Director has available timely information on receipts and payments on each budget which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities
- (c) expenditure is committed only against an approved budget head
- (d) all officers responsible for committing expenditure comply with relevant guidance, and the financial regulations
- (e) each cost centre has a single named manager, determined by the relevant Director. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that commits expenditure
- (f) significant variances from approved budgets are investigated and reported by budget managers regularly.

To submit reports to the Executive and to the Full Council, in consultation with the relevant Director, where a Director is unable to balance expenditure and resources within existing approved budgets under his or her control.

To prepare and submit reports on the authority's projected income and expenditure compared with the budget on a monthly basis to Corporate Management Team based on information provided by Directors.

The Executive Director: Resources will have the right to independently monitor budgets and raise any concerns with the relevant Director.

The Executive Director: Resources will facilitate the training of budget managers by ensuring there is suitable and up to date training material available and that appropriate training courses are identified and supported.

Responsibilities of Directors

To maintain budgetary control within their departments and to ensure that all income and expenditure are properly recorded and accounted for.

To ensure that an accountable budget manager is identified for each item of income and expenditure under the control of the Director (grouped together in a series of cost centres) and has completed sufficient training to enable them to fulfil their role. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure.

To ensure that spending remains within the service's overall cash limit, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.

Where there is a need to incur expenditure on any item, without delay, for which no budgetary provision exists, or where the provision is insufficient, a Director may incur such expenditure provided they seek approval through the appropriate Urgent Decisions Outside the Budget or Policy Framework process set out in the Constitution (Part 4 Section 6 – Budget and Policy Framework Procedure Rules).

To ensure that a monitoring process is in place to review performance levels/levels of service in conjunction with the budget and is operating effectively.

To prepare and submit in their Quarterly Service Report a report on the service's projected expenditure compared with its budget, in consultation with the Executive Director: Resources.

To ensure prior approval by the Full Council or Executive (as appropriate) for new proposals, of whatever amount, that:

- (a) create financial commitments in future years
- (b) change existing policies, initiate new policies or cease existing policies
- (c) materially extend or reduce the authority's services.

To ensure compliance with the scheme of virement.

2.3 BUDGETS AND MEDIUM-TERM PLANNING

Why is this important?

The authority is a complex organisation responsible for delivering a wide variety of services. It needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities. The budget is the financial expression of the authority's plans and policies.

The revenue budget must be constructed so as to ensure that resource allocation properly reflects the service plans and priorities of the Full Council. Budgets (spending plans) are needed so that the authority can plan, authorise, monitor and control the way money is allocated and spent. It is illegal for an authority to budget for a deficit.

Medium-term planning (or a three- to five-year planning system) involves a planning cycle in which managers develop their own plans. As each year passes, another future year will be added to the medium-term plan. This ensures that the authority is always preparing for events in advance.

Key controls

The key controls for budgets and medium-term planning are:

- (a) specific budget approval for all expenditure
- (b) budget managers are consulted in the preparation of the budgets for which they will be held responsible and accept accountability within delegations set by the Executive for their budgets and the level of service to be delivered
- (c) a monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

Responsibilities of the Executive Director: Resources

To prepare and submit reports on budget prospects for the Executive, including resource constraints set by the Government. Reports should take account of medium-term prospects, where appropriate.

To determine the detailed form of revenue estimates and the methods for their preparation, consistent with the budget approved by the Full Council, and after consultation with the Executive and Directors.

To prepare and submit reports to the Executive on the aggregate spending plans of departments and on the resources available to fund them, identifying, where appropriate, the implications for the level of Council Tax to be levied.

To advise on the medium-term implications of spending decisions.

To encourage the best use of resources and value for money by working with Directors to identify opportunities to improve economy, efficiency and effectiveness,

and by encouraging good practice in conducting financial appraisals of development or savings options, and in developing financial aspects of service planning.

To advise the Full Council on Executive proposals in accordance with his or her responsibilities under Section 151 of the Local Government Act 1972.

Responsibilities of Directors

To prepare estimates of income and expenditure, in consultation with the Executive Director: Resources, to be submitted to the Executive.

To prepare budgets that are consistent with any relevant cash limits, within the authority's annual budget cycle and within guidelines issued by the Executive. The format should be prescribed by the Executive Director: Resources in accordance with the Full Council's general directions.

To integrate financial and budget plans into service planning, so that budget plans can be supported by financial and non-financial performance measures.

In consultation with the Executive Director: Resources and in accordance with the laid-down guidance and timetable, to prepare detailed draft revenue and capital budgets for consideration by appropriate groups.

When drawing up draft budget requirements, to have regard to:

- (a) spending patterns and pressures revealed through the budget monitoring process
- (b) legal requirements
- (c) policy requirements as defined by the Full Council in the approved policy framework
- (d) initiatives already under way.

2.4 RESOURCE ALLOCATION

Why is this important?

A mismatch often exists between desired outcomes and those resources required to deliver the outcomes. It is therefore imperative that needs/desires are carefully prioritised and that resources are appropriately allocated, in order to fulfil all legal responsibilities. Resources may include staff, money, equipment, goods and materials.

Key controls

The key controls for resource allocation are:

- (a) resources are acquired in accordance with the law and using an approved authorisation process
- (b) resources are used only for the purpose intended, to achieve the approved policies and objectives, and are properly accounted for
- (c) resources are securely held for use when required
- (d) resources are used with the minimum level of waste, inefficiency or loss for other reasons.

Responsibilities of the Executive Director: Resources

To advise on methods available for the funding of resources, such as grants from central government and borrowing requirements.

To assist in the allocation of resources to budget managers.

Responsibilities of Directors

To work within budget limits and to utilise resources allocated, and further allocate resources, in the most efficient, effective and economic way.

To identify opportunities to minimise or eliminate resource requirements or consumption without having a detrimental effect on service delivery.

2.5 CAPITAL PROGRAMMES

Why is this important?

Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the authority, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.

Capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources. For the purposes of these Financial Regulations, a scheme or project is defined as a line within the annual Capital Programme Report approved by the Council.

Key controls

The key controls for capital programmes are:

- (a) specific approval by the Full Council for the programme of capital expenditure
- (b) for any scheme estimated to cost £50,000 or more, a detailed project plan, progress targets and associated revenue expenditure
- (c) proposals for improvements and alterations to buildings must be approved by the appropriate Director
- (d) schedules for individual schemes, each estimated to cost less than £50,000, within the overall budget approved by the relevant Executive Member (for example, refurbishment/replacement in leisure sites)
- (e) the development and implementation of asset management plans
- (f) accountability for each proposal is accepted by a named manager
- (g) monitoring of progress in conjunction with expenditure and comparison with approved budget.
- (h) Council to approve a capital strategy which is subject to regular review and updates.
- (i) Funds can be transferred between schemes, up to the following limits, where the overall schemes for the department are underspending:

Value	Authoriser
Up to and including £25,000	Director
Over £25,000 up to and including £50,000	Executive Member
Over £50,000 up to and including £100,000	Executive

Specific arrangements apply to the overall school's capital budget.

Where expenditure on a scheme is below the approved budget, the responsible Director may use the level of under spend for other schemes within their Department's section of the Capital Programme subject to:

- a) the total sum approved by the Council, in their Department's section of the Capital Programme, not being exceeded,
- b) a maximum of £25,000 can be transferred from or to any one scheme.

To authorise capital expenditure above the estimated cost of a scheme of more than £25,000, but no more than £50,000.

2.6 MAINTENANCE OF RESERVES AND BALANCES

Why is this important?

The local authority must decide the level of general reserves and balances that it wishes to maintain before it can decide the level of Council Tax. Reserves and balances are maintained as a matter of prudence. They enable the authority to provide for unexpected events and thereby protect it from overspending, should such events occur. Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items.

Key controls

To maintain reserves in accordance with all relevant accounting standards and accounting codes of practice.

For each reserve or balance established, the purpose, usage and basis of transactions should be clearly identified.

Authorisation and expenditure from reserves approved in accordance with the approved terms for the use of the reserve or balance. These terms to be approved by the Executive.

Responsibilities of the Executive Director: Resources

To advise the Executive and/or the Full Council on prudent levels of reserves and balances for the authority, and to take account of the advice of the external auditor in this matter.

Responsibilities of Directors

To ensure that resources provided from reserves or balances are used only for the purposes for which they were intended.

3.1 RISK MANAGEMENT

Why is this important?

All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the organisation and to ensure the continued financial and organisational well-being of the organisation. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then recommending the action the organisation needs to take to control these risks effectively.

It is the overall responsibility of the Governance and Audit Committee to approve the authority's risk management strategy, and to promote a culture of risk management awareness throughout the authority.

Key controls

The key controls for risk management are:

- (a) procedures are in place to identify, assess, prevent or contain material known risks, and these procedures are operating effectively throughout the authority
- (b) a monitoring process is in place to review regularly the effectiveness of risk management.
- (c) managers know that they are responsible for managing relevant risks and are provided with relevant information on risk management initiatives
- (d) provision is made for losses that might result from the risks that remain
- (e) procedures are in place to investigate claims within required timescales
- (f) acceptable levels of risk are determined and insured against where appropriate
- (g) the authority has identified business continuity plans for implementation in the event of disaster that results in significant loss or damage to its resources.

Responsibilities of the Executive Director: Resources

To offer insurance cover to schools.

To effect corporate insurance cover, through external insurance and internal funding, and to negotiate all claims in consultation with other officers, where necessary.

To consult the Executive Director: Resources and the Borough Solicitor on the terms of any indemnity that the authority is requested to give.

To ensure that employees, or anyone covered by the authority's insurances, do not admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.

3.2 INTERNAL CONTROLS

Why is this important?

The authority is complex and beyond the direct control of any one individual. It therefore requires internal controls to manage and monitor progress towards strategic objectives.

The authority has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with these obligations.

The authority faces a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten the achievement of its objectives. Internal controls are necessary to manage these risks.

The system of internal controls is established in order to provide measurable achievement of:

- (a) efficient and effective operations
- (b) reliable financial information and reporting
- (c) compliance with laws and regulations
- (d) risk management.

Key controls

The key controls and control objectives for internal control systems are:

- (a) key controls should be reviewed on a regular basis and the Head of Audit and Risk Management should make a formal statement annually to the effect that he/she is satisfied that the systems of internal control are operating effectively
- (b) managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance and taking appropriate anticipatory and remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities
- (c) financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation and approval procedures and information systems
- (d) an effective internal audit function that is properly resourced. It should operate in accordance with statutory obligations and the principles contained within any regulations or professional guidance.

Responsibilities of the Executive Director: Resources

To assist the authority to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.

Responsibilities of Directors

To manage processes to check that established controls are being adhered to and to evaluate their effectiveness, in order to be confident in the proper use of resources, achievement of objectives and management of risks.

To review existing controls in the light of changes affecting the authority and to establish and implement new ones in line with guidance from the Executive Director: Resources. Directors should also be responsible for removing controls that are unnecessary or not cost or risk effective - for example, because of duplication.

To ensure staff have a clear understanding of the consequences of lack of control.

3.3 INTERNAL AUDIT

Why is this important?

The requirement for an internal audit function for local authorities is implied by Section 151 of the Local Government Act 1972, which requires that authorities "make arrangements for the proper administration of their financial affairs". The Accounts and Audit (England) Regulations 2011 more specifically require that a "relevant body must undertake an adequate and effective internal audit of its accounting records and of its system of internal control in accordance with proper practices in relation to internal control".

Accordingly, internal audit is an independent and objective appraisal function established by the authority for reviewing the system of internal control. It examines, evaluates and reports on the adequacy of internal control as a contribution to the proper, economic, efficient and effective use of resources.

Key controls

The key controls for internal audit are:

- (a) that it is independent in its planning and operation
- (b) the Head of Audit and Risk Management has direct access to the Chief Executive, all levels of management and directly to elected Members
- (c) the internal auditors comply with all relevant regulations and professional guidance.

Responsibilities of the Executive Director: Resources

To ensure that internal auditors have the authority to:

- (a) access authority premises at reasonable times
- (b) access all assets, records, documents, correspondence and control systems

- (f) directly access the Chief Executive, the Executive and Governance and Audit Committee.

To prepare annual audit plans, which take account of the characteristics and relative risks of the activities involved for approval by the Governance and Audit Committee.

To ensure that effective procedures are in place to investigate promptly any fraud or irregularity.

Ensure that any person engaged in internal audit work is aware that they must maintain confidentiality regarding the operations and management information relating to the part of the Council being reviewed or investigated.

Responsibilities of Directors

To ensure that internal auditors are given access at all times to premises, personnel, documents and assets that the auditors consider necessary for the purposes of their work.

To ensure that auditors are provided with all information and explanations that they need in the course of their work to enable them to draw appropriate conclusions.

To ensure that Internal Auditors are not misled or provided incorrect information.

To consider and respond promptly to recommendations in audit reports.

To ensure that any agreed actions arising from audit recommendations are carried out in a timely and efficient fashion.

To notify the Executive Director: Resources immediately of any suspected fraud, theft, irregularity, improper use or misappropriation of the authority's property or resources. Pending investigation and reporting, the Director should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.

To ensure that new systems for maintaining financial records, or records of assets, or changes to such systems, are discussed with and agreed by the Head of Audit and Risk Management prior to implementation.

3.4 EXTERNAL AUDIT

Why is this important?

The Local Government Finance Act 1982 set up the Audit Commission, which is responsible for appointing external auditors to each local authority in England and Wales. The external auditor has rights of access to all documents and information necessary for audit purposes.

Key controls

External auditors are appointed by the Audit Commission normally for a minimum period of five years. The Audit Commission prepares a code of audit practice, which external auditors follow when carrying out their audits.

Responsibilities of the Executive Director: Resources

To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets that the external auditors consider necessary for the purposes of their work.

To ensure there is effective liaison between external and internal audit.

Recommendations made by External Auditors shall be considered by the Executive Director: Resources and reported to the Corporate Management Team and then to the Council, Governance and Audit Committee or the Executive, as appropriate.

Responsibilities of Directors

To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets which the external auditors consider necessary for the purposes of their work.

To implement any recommendations made by the External Auditors in so far as they are accepted by the Governance and Audit Committee.

To ensure that all records and systems are up to date and available for inspection.

3.5 PREVENTING FRAUD AND CORRUPTION

Why is it this important?

The authority will not tolerate fraud and corruption in the administration of its responsibilities, whether from inside or outside the authority.

The authority's expectation of propriety and accountability is that Members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.

The authority also expects that individuals and organisations (eg suppliers, contractors, service providers) with whom it comes into contact will act towards the authority with integrity and without actions involving fraud and corruption.

Key controls

The key controls regarding the prevention of financial irregularities are that:

- (a) the authority has an effective fraud and corruption policy and maintains a culture that will not tolerate fraud or corruption
- (b) all Members and staff act with integrity and lead by example
- (c) senior managers are required to deal swiftly and firmly with those who defraud or attempt to defraud the authority or who are corrupt
- (d) the maintenance of a register of interests and hospitality or gifts register
- (e) whistle blowing procedures for staff are in place and operate effectively
- (f) legislation including, but not limited to, the Public Interest Disclosure Act 1998 is adhered to.

Responsibilities of the Executive Director: Resources

To monitor and update the fraud and corruption policy and to issue guidance and procedures for officers on the use of the policy.

To maintain adequate and effective internal control arrangements.

To ensure that significant irregularities are reported to the Head of Audit and Risk Management, the Chief Executive, the Monitoring Officer, Executive and the Governance and Audit Committee. The Executive Director: Resources shall determine the arrangements for investigating these irregularities. The Executive Director: Resources shall ensure that the appropriate persons are informed of the outcome of any investigation.

The Executive Director: Resources shall consider, during the course of any investigation or at its conclusion, as they deem appropriate, whether the matter may require investigation by the Police and/or notification to the External Auditor. Where appropriate, the advice of the Borough Solicitor shall be sought. The Chief Officer:

Human Resources will be informed in any case where Officers are involved so that the agreed internal disciplinary procedures may be complied with.

At the conclusion of any investigation, or earlier if appropriate, the Executive Director: Resources, shall agree with the Director concerned, the steps that should be taken to mitigate any loss and prevent a recurrence of it.

Responsibilities of Directors

To maintain, in consultation with Internal Audit, adequate processes in place to identify where fraud may be perpetrated and put in place effective controls to minimise the risk of such fraud from arising.

To ensure that all suspected irregularities are reported to the Executive Director: Resources or the Head of Audit and Risk Management.

To instigate the authority's disciplinary procedures where the outcome of an audit investigation indicates improper behaviour.

To ensure that the staff within their Department are aware of their responsibilities within the Fraud and Corruption Policy.

To ensure that where financial impropriety is discovered, the Executive Director: Resources is informed

To maintain a departmental register of staff interests

To maintain a departmental register of gifts and hospitality received and provided by staff.

3.6 ASSETS - SECURITY

Why is this important?

The authority holds assets in the form of property, vehicles, equipment, furniture and other items worth many millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.

Key controls

The key controls for the security of resources such as land, buildings, fixed plant machinery, equipment, software and information are:

- (a) resources are used only for the purposes of the authority and are properly accounted for
- (b) resources are available for use when required
- (c) resources no longer required are disposed of in accordance with the law and the regulations of the authority so as to maximise benefits
- (d) an asset register is maintained for the authority, assets are recorded when they are acquired by the authority and this record is updated as changes occur with respect to the location and condition of the asset
- (e) all staff are aware of their responsibilities with regard to safeguarding the authority's assets and information, including the requirements of the Data Protection Act and software copyright legislation
- (f) all staff are aware of their responsibilities with regard to safeguarding the security of the authority's computer systems, including maintaining restricted access to the information held on them and compliance with the authority's information management policies.

Responsibilities of the Executive Director: Resources

To receive the information required for accounting, costing and financial records from each Director.

To ensure that assets are valued in accordance with all relevant accounting standards and accounting codes of practice

Responsibilities of Directors

Each Director is responsible for, and shall make arrangements for, the safe custody and care of all assets in their Department including, where appropriate, exercising proper control over the use of those assets.

Directors shall maintain a database in a form approved by the Executive Director: Resources for all properties, plant and machinery and moveable assets currently owned or used within their Department.

To carry out an annual check of all items on the inventory in order to verify location, review, condition and to take action in relation to surpluses or deficiencies, annotating the inventory accordingly. Attractive, valuable and portable items such as computers, cameras and video recorders should be identified with security markings as belonging to the authority.

To make sure that property is only used in the course of the authority's business, unless the Director concerned has given permission otherwise.

3.7 ASSET DISPOSAL

Why is this important?

It would be uneconomic and inefficient for the cost of assets to outweigh their benefits. Obsolete, non-repairable or unnecessary resources should be disposed of in accordance with the law and the regulations of the authority.

Key controls

Assets for disposal are identified and are disposed of at the most appropriate time, and only when it is in the best interests of the authority, and best price or benefit reasonably obtainable is secured, bearing in mind other factors, such as environmental issues, economic conditions and the Medium Term Objectives of the Council. For items of significant value, disposal should normally be by competitive tender or public auction.

These aim to provide assurances that the authority's money is properly managed in a way that balances risk with return, but with the overriding consideration being given to the security of the capital sum.

4.1 FINANCIAL SYSTEMS AND PROCEDURES - GENERAL

Why is this important?

Departments have many systems and procedures relating to the control of the authority's assets, including purchasing, costing and management systems. Departments are reliant on computers for their financial management information. The information must be accurate and the systems and procedures sound and well administered. They should contain controls to ensure that transactions are properly processed and errors detected promptly.

The Director will ensure that only bona fide data is transferred between subsidiary systems and the Financial Management System. Directors shall ensure that there are adequate controls to verify correct transfer of data has taken place and shall ensure that systems under their control are fully, and regularly reconciled.

4.2 INCOME

Why is this important?

Income can be a vulnerable asset and effective income collection systems are necessary to ensure that all income due is identified, collected, receipted and banked properly. Why is this important?

Public money should be spent with demonstrable probity and in accordance with the authority's policies. Authorities have a statutory duty to achieve best value in part through economy and efficiency. The authority's procedures should help to ensure that services obtain value for money from their purchasing arrangements. These procedures should be read in conjunction with the Council's Contract Standing Orders and Procurement Manual.

General

Every officer and Member of the authority has a responsibility to declare any links or personal interests that they may have with purchasers, suppliers and/or contractors if they are engaged in contractual or purchasing decisions on behalf of the authority.

To ensure that orders are only used for goods and services provided to the Directorate.

To ensure that only those staff authorised by him or her sign orders and to maintain an up- to-date list of such authorised staff identifying in each case the limits of their authority. The authoriser of the order should be satisfied that the goods and services ordered are appropriate and needed, that there is adequate budgetary provision and

that quotations or tenders have been obtained if necessary. Value for money should underpin the authority's approach to purchasing. Value for money should always be achieved.

To ensure that goods and services are checked on receipt to verify that they are in accordance with the order and are entered into Agresso. This check should be carried out by a different officer from the person who authorised the order. Appropriate entries should then be made in inventories or stores records.

To ensure that all appropriate payment records are retained and stored for the defined period, in accordance with the Records Retention and Destruction Schedule/information Asset Register.

4.4 PAYMENTS TO EMPLOYEES AND MEMBERS

Why is this important?

Staff costs are the largest item of expenditure for most authority services. It is therefore important that payments are accurate, timely, made only where they are due for services to the authority and that payments accord with individuals' conditions of employment. The HM Revenue and Customs applies a tight definition for employee status, and in cases of doubt, advice should be sought from the Executive Director: Resources.

To certify travel and subsistence claims and other allowances. To ensure that all appropriate payroll documents are retained and stored for the defined period in accordance with the Records Retention and Destruction Schedule/information Asset Register.

4.5 TAXATION

Why is this important?

To follow the guidance on taxation issued by the Executive Director: Resources.

5.1 PARTNERSHIPS

Why is this important?

Partnerships are likely to play a key role in delivering community strategies and in helping to promote and improve the well-being of the area. Local authorities are working in partnership with others - public agencies, private companies, community groups and voluntary organisations. Local authorities still deliver some services, but their distinctive leadership role is to bring together the contributions of the various stakeholders. They therefore need to deliver a shared vision of services based on user wishes.

Local authorities will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. Local authorities will be measured by what they achieve in partnership with others.

General

The main reasons for entering into a partnership are:

- (a) the desire to find new ways to share risk
- (b) the ability to access new resources
- (c) to provide new and better ways of delivering services
- (d) to forge new relationships.

A partner is defined as either:

- (a) an organisation (private or public) undertaking, part funding or participating as a beneficiary in a project
- (b) a body whose nature or status give it a right or obligation to support the project.

Or, Partners participate in projects by:

- (a) acting as a project deliverer or sponsor, solely or in concert with others
- (b) acting as a project funder or part funder
- (c) being the beneficiary group of the activity undertaken in a project.

Partners have common responsibilities:

- (a) to be willing to take on a role in the broader programme appropriate to the skills and resources of the partner organisation
- (b) to act in good faith at all times and in the best interests of the partnership's aims and objectives
- (c) be open about any conflict of interests that might arise

- (d) to encourage joint working and promote the sharing of information, resources and skills between public, private and community sectors
- (e) to hold confidentially any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature
- (f) to act wherever possible as ambassadors for the project.

Key controls

The key controls for working with authority partners are:

- (a) to comply with financial regulations and Contract Standing Orders (if applicable)
- (b) to ensure that risk management processes are in place to identify and assess all known risks
- (c) to ensure that project appraisal processes are in place to assess the viability of the project in terms of resources, staffing and expertise
- (d) to agree and accept formally the roles and responsibilities of each of the partners involved in the project before the project commences

To provide appropriate information to the Executive Director: Resources to enable a note to be entered into the authority's statement of accounts concerning material items.

To ensure that partnerships are established and operated having regard to the Council's partnership toolkit.

5.2 EXTERNAL FUNDING

Why is this important?

External funding is potentially a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the authority. Local authorities are increasingly encouraged to provide seamless service delivery through working closely with other agencies and private service providers. Funds from third parties such as the National Lottery or Developers (S106) provide additional resources to enable the authority to deliver services to the local community. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the authority's overall plan.

Key controls

The key controls for external funding are:

- (a) to ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood
- (b) to ensure that funds are acquired only to meet the priorities approved in the policy framework by the Full Council
- (c) to ensure that any match-funding requirements are given due consideration prior to entering into long-term agreements and that future revenue budgets reflect these requirements.

Responsibilities of the Executive Director: Resources

To ensure that all funding notified by external bodies is received and properly recorded in the authority's accounts.
