ITEM:	ACTION REQUIRED:	FOLLOW UP INFORMATION
Performance Monitoring Report	To provide further details of the One-to-One Tuition Scheme including: the number of schools in the pilot and the success rate of the pilots, staff and resource levels and how long the funding will continue for.	<p>The response from schools wishing to take part in this scheme has been good.</p> <p>This initiative is funded directly through the DCSF and funding is ring-fenced at Local Authority level.</p> <p>We will be funded for a total of 325 places at KS2, 252 places at KS3 and 28 places at KS4 over the present school year. We are informed that funding will double next year, but although likely to continue, is not guaranteed after 2011.</p> <p>The target group of pupils are identified as:</p> <ul style="list-style-type: none"> • Pupils who entered the key stage below age related expectations • Pupils who are falling behind trajectory during the latter stages of a key stage • Looked after children who would particularly benefit from this support <p>In addition when selecting appropriate pupils, we have considered our local achievement and priorities ie a preference for maths or literacy, supporting National Challenge schools and those with a notice to improve.</p> <p>Currently (Autumn 09) 106 pupils are receiving tuition in 14 schools at KS2. This will increase in the Spring term to 225 pupils with a further 35 in the Summer term. We will also support all schools to become</p>

		<p>involved and actively approach some schools.</p> <p>At KS3 we currently have 65 pupils who have started one to one tuition in 3 of our secondary schools. This will increase over the coming year to 165 pupils in the Spring term.</p> <p>We are not aware of a second version of this for SEN pupils (yet) although we do prioritise for funding, children from disadvantaged homes and those in the care of the local authority.</p> <p>In terms of availability of tutors we now have 267 potential tutors registered on the database indicating that they would be available to work within Bracknell Forest.</p>																				
	To circulate Playbuilder newsletter once available.	<p>This has been circulated</p> <p>Most recent update: all sites have been tendered and preferred suppliers identified in partnership with Town and Parish Councils. . Executive Member sign off is awaited. Build time is approximately two weeks.</p>

		<p>In both 2007/8 and 2009/10, 20 out of the 28 3xclusions came from two schools. The same schools accounted for 58% of fixed period exclusions.</p> <p>Primary Permanent Exclusion figures remain very low. Different schools account for the 42 Fixed Period exclusions.</p>				
	To provide clarity on whether all 50 newly qualified teachers were offered employment.	<p>Only 16 qualified teachers from the pool of 50 were employed in Bracknell Forest Schools. All 50 were appointable and we would expect that they were placed in other authorities. We do not maintain records of this locally.</p>
