

BERKSHIRE LOCAL NATURE PARTNERSHIP CONSTITUTION

1. **Name:** The name of the association is the Berkshire Local Nature Partnership (LNP).
2. Subject to the matters set out below the LNP and its property shall be administered and managed in accordance with this constitution by the members of the Executive Board, constituted by clause 7 of this constitution.
3. **The LNP's objective is to:**

- **Promote the conservation & enhancement of Berkshire biodiversity by:**

- **Identifying and embedding local ecological networks**

Berkshire is a relatively highly-urbanised county where wildlife habitats have become fragmented. However, it retains a significant resource of important habitats, including large areas of lowland heath, and local partners are enthusiastic about developing a resilient and coherent ecological network across the county and into neighbouring counties, which would be important at a national and international level. The Berkshire LNP will actively engage with Local Planning Authorities, landowners, agencies and funders in the development of this network, utilising the existing Biodiversity Opportunity Areas along with statutory and non-statutory wildlife sites to focus restoration efforts and the creation of ecological stepping stones and corridors.

As identified in the England Biodiversity Strategy 2020 and the Natural Environment White Paper, well designed ecological networks will provide multiple benefits for people.

- **Helping to achieve a better range of outcomes through sustainable land management**

The Berkshire LNP will work with a range of organisations, including statutory agencies, major landowners and NGOs to develop opportunities to achieve multiple benefits from the good management of land. The LNP would seek to explore and develop opportunities for 'payments for ecosystem services' approaches and to enhance the effectiveness of existing agri-environment schemes, working at a strategic level with Natural England.

- **Promoting the maintenance and enhancement of green infrastructure**

The Berkshire LNP will support local authorities to develop, improve and deliver Green Infrastructure plans. Particular emphasis will be given to drawing out linkages between unitary authority areas and neighbouring LNP areas in order to develop infrastructure that is coherent across the county and beyond.

Close links will be forged with Greenspace SouthEast to ensure that best practice is made available to the unitary authorities.

- **Helping to maintain the intrinsic character and beauty of the countryside:**

The Partnership would seek to learn from the successes of the North Wessex Downs AONB and to work across boundary of the AONB in terms of both ecosystems and the services they provide. The LNP will promote the key characteristics of the four National Character Areas (NCA) which make up the county:

- Berkshire and Marlborough Downs NCA

- Thames Basin Heaths NCA
- Thames Valley NCA
- Chilterns NCA

- **Working with other local initiatives and plans on flooding and water quality**

The Berkshire LNP will work closely with the Environment Agency and take Local Catchment Flood Management Plans into account when developing visions.

- **Contribute to efforts to protect and improve public access to the countryside, nature and green space**

The Berkshire LNP will work with the Local Access Forums and other access stakeholders and LNPs to explore local access priorities and integrate them into the Partnership's vision. This issue will be of critical importance in a county with a significant urban population.

- **Helping to promote interest in, and uptake of, biodiversity offsetting**

The Partnership will engage with and influence local authorities to promote the concept of biodiversity offsetting and its incorporation into planning processes in Berkshire. The LNP will work closely with landowners, land managers and TVERC, who will be developing their work to identify opportunities for areas of potential for opportunity to restore or re-create habitats across Berkshire through biodiversity offsetting. These areas will be informed by existing strategies, such as those for Green Infrastructure, and Biodiversity Opportunity Areas. The key role for the Partnership will be to ensure that biodiversity offsetting produces benefits which are well-targeted and maximised.

- **Promoting green economic growth:**

The Berkshire LNP will do this by:

- Working collaboratively with the Thames Valley Berkshire Local Enterprise Partnership.
- Engaging with local businesses directly on issues such as the benefits of and payments for ecosystem services; biodiversity offsetting and community engagement.
- Engaging with the LEP & other partnerships in Berkshire to offer a strategic view of the natural environment challenges and opportunities in their area and seeking to align funding with LNP priorities.

- **Contributing to quality of life and local health and wellbeing:**

The Berkshire LNP will work closely with Health and Wellbeing Boards to:

- Raise awareness of the value of public access to the natural environment and green spaces in the prevention and treatment of mental and physical health problems
- Contribute to shaping the priorities in 'joint health and wellbeing strategies'
- Incorporate the value of the natural environment to people's health and wellbeing in 'joint strategic needs assessments'.
- Contribute to local delivery of Public Health Outcomes Frameworks

- **Working with other environmental initiatives and partnerships**

The Berkshire LNP will develop a good overview of the range of activity and identify how they can add value in a collaborative way and avoid duplication of effort. Some of the key local initiatives and partnerships that work will be developed with will include:

Local Access Forums - Bracknell Forest Local Access Forum, Mid & West Berks Local Access Forum, Slough Local Access Forum, RB Windsor & Maidenhead Local Access Forum

Biodiversity offsetting – see above

Climate Change Partnerships – The LNP will work in partnership with for example, Climate Berkshire (the Climate Change Partnership for Berkshire) and The Reading Climate Change Partnership.

Water Framework Directive – WFD has an enormous relevance to the quality of the freshwater environment and links to a number of themes including enhancing biodiversity, landscape-scale approaches, green infrastructure and ecosystem services. It is also one of the main drivers of EA action and EA funding sources for new projects including habitat restoration and land management (re. addressing diffuse pollution problems, etc.) and therefore will be a major consideration in terms of how EA interacts with the LNP process. The WFD therefore represents an important initiative that the LNP partnership can help to deliver, making the most effective use of the current Catchment Restoration Fund, which exists to support NGOs to implement environmental improvements.

4. Structure

The LNP shall be structured as follows:-

There shall be an Executive Board as described in Section 7 below. This Board will be advised by a Steering Group as described in Section 9 below. The Steering Group may establish Working Groups to advise it on any particular issue. Beneath the Steering Group will be the wider Partnership as described in Section 6(a) below. The Board and Steering Group will report annually to the wider Partnership.

5. LNP Powers:

In furtherance of the objectives but not otherwise the LNP may exercise the following powers;

- (a) power to raise funds and to invite and receive contributions provided that in raising funds the LNP shall not undertake any substantial permanent trading activities and shall conform to any relevant requirements of law;
- (b) power to buy, take on lease or exchange any property necessary for the achievement of the objectives and to maintain and equip it for use;
- (c) power subject to any consents required by law to sell, lease or dispose of all or any part of the property of the Partnership;
- (d) power to employ or contract such staff as are necessary for the proper pursuit of the objectives;
- (e) power to co-operate with other voluntary bodies, charities and statutory authorities operating in furtherance of the objectives or of similar purposes and to exchange information and advice with them;
- (f) power to establish or support any associations, charitable trusts or institutions formed for all or any of the objectives;
- (g) power to appoint and constitute such Working Groups as the Executive Board or Steering Group may think fit;
- (h) power to do all such other lawful things as is necessary for the achievement of the objectives.

6. Membership:

- (a) Membership of the wider Partnership shall be open to individuals over the age of 16 years and any body representing a corporate or unincorporated association [any such body being called in this constitution a ‘member organisation’] who are interested in furthering the work of the LNP

- (b) Each member organisation shall appoint an individual to represent it and to vote on its behalf at meetings of the LNP and may appoint an alternative to replace its appointed representative at any meeting of the LNP if the appointed representative is unable to attend.
- (c) Every member and member organisation shall have one vote at a Partnership meeting. Any item that is passed by a majority of those present must be considered by the Steering Group.
- (d) The Executive Board may by majority vote terminate the membership of any individual or member organisation, where the actions of that individual or member organisation, in the opinion of the Executive Board, would bring the LNP into disrepute or do not fall within the spirit of this constitution. The individual or member organisation concerned shall have the right to be heard by the Executive Board, accompanied by a friend, before a final decision is made.

7. Executive Board:

- (a) The Executive Board is responsible for approving all LNP Strategies & Projects as well as promoting the objectives of the LNP.

- (h) The Steering Group shall cause the title to all lands and investments held by the LNP to be administered by responsible trustees or corporations.

11. Wider Partnership

The Steering Group will ensure that the wider Partnership meets at least twice a year, one of which will be a conference and the other an AGM to receive reports from the Executive Board and Steering Group and to discuss matters arising and to raise new issues that the Partnership considers should be considered by the Executive Board and Steering Group.

12. Banking

- (a) The details of the LNP's banking will be detailed in the Financial Strategy.
- (b) The funds of the LNP shall be applied only in furthering the objectives.

13. Accounts:

The Executive Board shall;

- (a) keep accounting records for the LNP;
- (b) prepare annual statements of account for the LNP AGM;
- (c) arrange for the auditing or independent examination of the statements of account for the LNP.

14. AGM:

- (a) There shall be an annual general meeting of the LNP which shall be held in the month of May in each year or as soon as practicable thereafter.
- (b) Every annual general meeting shall be called by the Executive Board. The Board shall give at least 21 days notice of the meeting to all members of the LNP.
- (c) Before any other business the members of the LNP present at the annual general meeting have the right to vote for a chairman of that meeting other than the chairman of the Executive Board.
